This prospectus and the documents incorporated by reference into this prospectus contain “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, or Securities Act, and Section 21E of the Exchange Act. These statements include certain discussions relating to our earnings and projected business, among other things. We have based these forward-looking statements on our current views and assumptions about future events and our future financial performance. The focus of our OSV business is on complex exploration and production activities, which include deepwater, deep well and other logistically demanding projects. We are also a leading transporter of petroleum products through our tug and tank barge segment serving the energy industry, primarily in the northeastern United States and Puerto Rico. We currently own and operate a fleet of over 50 U.S.-flagged vessels serving the energy industry.

We were formed as a Delaware corporation in 1997. Our principal executive offices are located at 103 Northpark Boulevard, Suite 300, Covington, Louisiana 70433, and our telephone number is (985) 727-2000. Our website address is www.hornbeckoffshore.com. Information on our website, other than documents filed with the Commission that are specifically incorporated by reference into this prospectus, does not constitute part of this prospectus.

RECENT DEVELOPMENTS

On or about the date of this prospectus, we also filed a registration statement on Form S-4 with the Commission using a “shelf” registration process to register the issuance of common stock, preferred stock, debt securities and warrants, or any combination thereof, in connection with certain acquisitions. Under that registration statement, we may, over time in connection with the acquisition of various assets, businesses or securities, offer and sell any combination of the referenced securities up to a total dollar amount of \$150,000,000, in addition to the \$350,000,000 contemplated by this prospectus.

USE OF PROCEEDS

Unless otherwise indicated in an accompanying prospectus supplement, we expect to use the net proceeds from the sale of the securities offered pursuant to this prospectus and any accompanying prospectus supplement for general corporate purposes. These purposes may include financing of strategic acquisitions and capital expenditures (including newbuild and conversion programs), additions to working capital and repayment of all or a portion of our indebtedness outstanding at the time. Until the net proceeds are used for these purposes, we may deposit them in interest-bearing accounts or invest them in short-term marketable securities. Any specific allocation of the net proceeds of an offering of securities to a specific purpose will be determined at the time of the offering and will be described in an accompanying prospectus supplement.

We will not receive any of the proceeds from the sale of shares of common stock by the selling stockholders under this prospectus and any related prospectus supplement.

RATIO OF EARNINGS TO FIXED CHARGES

The ratio of earnings to fixed charges is computed by dividing fixed charges into earnings. For purposes of determining the ratios of earnings to fixed charges, earnings are defined as income from continuing operations plus fixed charges, excluding capitalized interest. Fixed charges consist of interest (whether expensed or capitalized) and amortization of debt expenses. As of the date of this prospectus, we do not have any preferred stock outstanding. The table below sets forth the calculation of the ratio of earnings to fixed charges for the periods indicated (in thousands, except for ratio data).

	Year Ended December 31,				Six Months Ended June 30,	
	2001	2002	2003	2004	2004	2005
Total Interest Cost						
Interest Expense	\$ 16,646	\$ 16,207	\$ 18,523	\$ 17,698	\$ 9,801	\$ 5,438
Capitalized Interest	3,075	3,867	2,734	3,004	911	2,110
Total Interest Cost (fixed charges)	19,721	20,074	21,257	20,702	10,712	7,548
Pre-tax Income	12,756	18,786	18,048	(3,803)	6,768	20,576
Interest Expense	16,646	16,207	18,523	17,698	9,801	5,438
Earnings	29,402	34,993	36,571	13,895	16,569	26,014
Ratio of earnings to fixed charges(1)(2)	1.49x	1.74x	1.72x	0.67x	1.55x	3.45x

- (1) We have authority to issue up to 5,000 shares of preferred stock, par value \$.01 per share; however, there are currently no such shares outstanding and we do not have a preferred stock dividend obligation. Therefore, the ratio of earnings to fixed charges and preferred stock dividends is equal to the ratio of earnings to fixed charges and is not disclosed separately.
- (2) If we adjust earnings to exclude the impact of loss on the early extinguishment of debt incurred in the 2001, 2004 and 2005 periods reflected above, the ratio of earnings to fixed charges, as so adjusted, would be 1.64x and 1.76x for the years ended December 31, 2001 and 2004, respectively, and 1.55x and 3.67x for the six-month periods ended June 30, 2004 and 2005, respectively.

DESCRIPTION OF THE SECURITIES WE MAY OFFER**General**

We may issue, in one or more offerings, any combination of common stock, preferred stock, senior or subordinated debt securities, or warrants. The selling stockholders may sell in one or more offerings up to 2,250,000 shares of our common stock.

This prospectus contains a summary of the general terms of the various securities that we or the selling stockholders may offer. The prospectus supplement to be attached to the front of this prospectus relating to any particular securities offered will describe the specific terms of the securities, which may be in addition to or different from the general terms summarized in this prospectus. The summary in this prospectus and in any prospectus supplement does not describe every aspect of the securities and is subject to and qualified in its entirety by reference to all applicable provisions of the documents relating to the securities offered. These documents are or will be filed as exhibits to or incorporated by reference in the registration statement.

In addition, the prospectus supplement will set forth the terms of the offering, the initial public offering price and net proceeds to us or the selling stockholders, as the case may be. Where applicable, the prospectus supplement will also describe any material United States federal income tax considerations relating to the securities offered and indicate whether the securities offered are or will be listed on any securities exchange.

Book-Entry System

Unless otherwise indicated in a prospectus supplement, certain of the securities we may offer will be issued in the form of one or more fully registered global securities. These global securities will be deposited with, or on behalf of, the Depository Trust Company, or DTC, and registered in the name of its nominee. Except as described below, the global securities may be transferred, in whole and not in part, only to DTC or to another nominee of DTC.

DTC has advised us that it is:

- a limited-purpose trust company organized under the New York Banking Law;
- a “banking organization” within the meaning of the New York Banking Law;
- a member of the United States Federal Reserve System;
- a “clearing corporation” within the meaning of the New York Uniform Commercial Code; and
- a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act.

DTC was created to hold securities for institutions that have accounts with DTC (“participants”) and to facilitate the clearance and settlement of securities transactions among its participants through electronic book-entry changes in participants’ accounts. Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of whom (and/or their representatives) own DTC. Access to DTC’s book-entry system is also available to others that clear through or maintain a custodial relationship with a participant, either directly or indirectly. DTC administers its book-entry system in accordance with its rules and bylaws and legal requirements.

Upon issuance of a global security representing certain of the offered securities, DTC will credit on its book-entry registration and transfer system the principal amount to participants’ accounts. Ownership of beneficial interests in a global security will be limited to participants or to persons that hold interests through participants. Ownership of interests in a global security will be shown on, and the transfer of those ownership interests will be effected only through, records maintained by DTC (with respect to participants’ interests) and the participants (with respect to the owners of beneficial interests in a global security). The laws of some jurisdictions may require that certain purchasers of securities take physical delivery of those securities in definitive form. These limits and laws may impair the ability to transfer beneficial interests in a global security.

So long as DTC (or its nominee) is the registered holder and owner of a global security, DTC (or its nominee) will be considered, for all purposes under the applicable indenture, the sole owner and holder of the related offered securities. Except as described below, owners of beneficial interests in a global security will not:

- be entitled to have the offered securities registered in their names; or
- receive or be entitled to receive physical delivery of certificated offered securities in definitive form.

Each person owning a beneficial interest in a global security must rely on DTC’s procedures (and, if that person holds through a participant, on the participant’s procedures) to exercise any rights of a holder of offered securities under the global security or any applicable indenture, or otherwise. The indentures incorporated by reference as exhibits to the registration statement of which this prospectus is a part provide that DTC may grant proxies and otherwise authorize participants to take any action which it (as the holder of a global security) is entitled to take under such indentures or the global security. We understand that under existing industry practice, if we request any action of holders or an owner of a beneficial interest in a global security desires to take any action that DTC (as the holder of the global security) is entitled to take, DTC would authorize the participants to take that action and the participants would authorize their beneficial owners to take the action or would otherwise act upon the instructions of their beneficial owners.

[Table of Contents](#)

We will make payments with respect to offered securities represented by a global security to DTC. We expect that DTC, upon receipt of any payments, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests. We also expect that payments by participants to owners of beneficial interests in a global security held through them will be governed by standing instructions and customary practices (as is the case with securities held for customers' accounts in "street name") and will be the responsibility of the participants. We will not have any responsibility or liability for:

- any aspect of the records relating to, or payments made on account of, beneficial ownership interests in a global security for any securities;
- maintaining, supervising, or reviewing any records relating to any beneficial ownership interests;
- any other aspect of the relationship between DTC and its participants; or
- the relationship between the participants and the owners of beneficial interests in a global security.

Unless and until they are exchanged in whole or in part for certificated securities in definitive form, the global securities may not be transferred except as a whole by DTC to its nominee or by its nominee to DTC or another nominee.

The securities of any series represented by a global security may be exchanged for certificated securities in definitive form if:

- DTC notifies us that it is unwilling or unable to continue as depository for the global security or if at any time it ceases to be a clearing agency registered under the Exchange Act;
- we decide at any time not to have the securities of that series represented by a global security and so notify DTC; or
- in the case of debt securities, upon notice from DTC to the applicable indenture's trustee if an event of default has occurred and is continuing with respect to such debt securities.

If there is such an exchange, we will issue certificated securities in authorized denominations and registered in such names as DTC directs. Subject to the foregoing, a global security is not exchangeable, except for a global security of the same aggregate denomination to be registered in DTC's or its nominee's name.

In addition, you should refer to the Delaware General Corporation Law, which also governs our structure, management and activities.

As of August 30, 2005, our authorized capital stock consisted of:

- 100,000,000 shares of common stock, par value \$.01 per share, of which 20,997,943 were outstanding and held by approximately 75 holders of record, representing approximately 3,145 beneficial owners; and

[Table of Contents](#)

- 5,000,000 shares of preferred stock, par value \$.01 per share, of which 1,000,000 have been designated as Series A Junior Participating Preferred Stock in connection with the stockholder rights plan discussed below, but none are currently outstanding.

Our common stock is listed and trades on the New York Stock Exchange under the ticker symbol "HOS."

Common Stock

General. The holders of common stock are entitled to one vote per share on all matters submitted to a vote of our stockholders. Stockholders are not permitted to cumulate their votes. With certain exceptions, which are described below, a majority of the votes entitled to be cast and represented in person or by proxy at a meeting of stockholders is required to approve any matter on which stockholders vote. The affirmative vote of holders of at least 80% of the shares entitled to vote is required to approve certain amendments to our certificate of incorporation and bylaws. See "Anti-Takeover Effects of Certificate, Bylaws and Stockholder Rights Plan." The affirmative vote of holders of at least 66 2/3% of the shares entitled to vote is required to approve or authorize:

- a merger or consolidation with any other corporation;
- the sale, lease, exchange or other disposition of all or substantially all of our assets;
- a liquidation of our Company; or
- any amendments to our certificate of incorporation.

The holders of common stock are entitled to receive ratably such dividends as may be declared from time to time by our board of directors out of funds legally available for the payment of dividends, subject to preferences that may be applicable to any outstanding preferred stock. The indenture governing our 6.125% senior notes due 2014 and our revolving credit facility limit our ability to declare or pay dividends and, in some circumstances, prohibit the declaration or payment of dividends and other restricted payments. If we liquidate, dissolve or otherwise wind up our business, the holders of common stock are entitled to share ratably in all assets remaining after payment of liabilities and satisfaction of prior distribution rights of preferred stock, if any is then outstanding. The holders of common stock have no preemptive or conversion rights or other subscription rights, and there are no redemption or sinking fund provisions applicable to the common stock. All of the outstanding shares of common stock are fully paid and nonassessable.

Voting Agreements. Under the terms of a stockholders' agreement among SCF-IV, L.P., Todd M. Hornbeck, Troy A. Hornbeck, Cari Investment Company and the Company, Todd and Troy Hornbeck and Cari Investment Company have agreed to vote their shares in favor of SCF-IV, L.P.'s designee to our board, so long as SCF-IV, L.P. owns at least 5% of our outstanding common stock. Under the currently effective terms of this agreement, SCF-IV, L.P. also agrees to vote its shares in favor of two designees of Todd and Troy Hornbeck to the board of directors. Pursuant to a voting arrangement entered into between SCF-IV, L.P. and us, SCF is restricted from voting 269,346 of its shares.

Jones Act Restrictions on Ownership by Non-U.S. Citizens. Under Section 27 of the Merchant Marine Act of 1920, also known as the Jones Act, the privilege of transporting merchandise or passengers for hire in the coastwise trade in U.S. domestic waters is restricted to only those vessels that are owned and managed by U.S. citizens and are built in and registered under the laws of the United States. A corporation is not considered a U.S. citizen unless, among other things, at least 75% of the ownership of voting interests with respect to its equity stock is held by U.S. citizens.

[Table of Contents](#)

If we should fail to comply with such requirements, our vessels would lose their eligibility to engage in coastwise trade within U.S. domestic waters. To facilitate compliance, our certificate of incorporation:

- limits ownership by Non-U.S. citizens of any class of our capital stock (including our common stock) to 20%, so that foreign ownership will not exceed the 25% permitted by the Jones Act;
- permits withholding of dividends and suspension of voting rights with respect to any shares held by non-U.S. citizens that exceed 20%;
- permits a stock certification system with two types of certificates to aid tracking of ownership;
- permits our board of directors to authorize the Company to redeem any shares held by non-U.S. citizens that exceed 20%; and
- permits our board of directors to make such determinations to ascertain ownership and implement such measures as reasonably may be necessary.

Preferred Stock

General. Our board of directors has the authority, without further action by the stockholders, to issue up to 5,000,000 shares of preferred stock, par value \$.01 per share, in one or more series and to fix the designations, powers, preferences, privileges and relative participation, optional or special rights and the qualifications, limitations or restrictions thereof, including dividend rights, conversion rights, voting rights, terms of redemption and liquidation preferences, any or all of which may be greater than the rights of our common stock. The following briefly summarizes the material terms of the preferred stock that we may offer, other than pricing and related terms disclosed in a prospectus supplement. You should read the particular terms of any series of preferred stock that we offer which we will describe in more detail in any prospectus supplement relating to such series. You should also read the more detailed provisions of our certificate of incorporation and the statement with respect to shares relating to each particular series of preferred stock for provisions that may be important to you. The statement with respect to shares relating to each particular series of preferred stock offered by the accompanying prospectus supplement and this prospectus will be filed as an exhibit to a document incorporated by reference in the registration statement. The prospectus supplement will also state whether any of the terms summarized below do not apply to the series of preferred stock being offered.

A total of 1,000,000 shares of preferred stock have been designated as Series A Junior Participating Preferred Stock, which we refer to as “the Series A Preferred Stock”, in connection with our stockholder rights plan discussed below. No other series of preferred stock has been designated and no shares of preferred stock are outstanding.

Rank. The shares of preferred stock of any series will have the rank set forth in the relevant certificate of designation and described in the prospectus supplement relating to the relevant series.

Dividends. The certificate of designation setting forth the terms of a series of preferred stock may provide that holders of that series are entitled to receive dividends, when, as and if authorized by our board of directors out of funds legally available for dividends, before any declaration or payment of any dividends on securities ranking junior to such series relating to dividends. The rates and dates of payment of dividends and any other terms applicable to the dividends will be set forth in the relevant certificate of designation and described in the prospectus supplement relating to the relevant series.

To the extent provided in the certificate of designation, dividends will be payable to holders of record of preferred stock as they appear on our books on the record dates fixed by the board of directors. Dividends on any series of preferred stock may be cumulative or noncumulative and payable in cash or in kind.

[Table of Contents](#)

Voting Rights. The holders of shares of preferred stock will have the voting rights provided by the applicable certificate of designation and as required by applicable law. These voting rights will be described in the applicable prospectus supplement.

Conversion and Exchange. The certificate of designation setting forth the terms of a series of preferred stock may provide for and the prospectus supplement for the relevant series of preferred stock may describe the terms, if any, on which shares of that series are convertible into or exchangeable for shares of our common stock or securities of a third party.

Redemption. If so specified in the certificate of designation setting forth the terms of a series of preferred stock, which will be described in the applicable prospectus supplement, a series of preferred stock may be redeemable at our or the holder's option and/or may be mandatorily redeemed partially or in whole.

Liquidation Preference. Upon any voluntary or involuntary liquidation, dissolution or winding up of our Company, holders of each series of preferred stock may be entitled to receive distributions upon liquidation. Those distributions will be made before any distribution is made on any securities ranking junior to such series relating to liquidation. The terms and conditions of those distributions will be set forth in the applicable certificate of designation and described in the relevant prospectus supplement.

Our board of directors may cause shares of preferred stock to be issued in public or private transactions for any proper corporate purposes, including possible acquisitions, and such issuance could adversely affect the voting rights of holders of our common stock. The issuance of preferred stock could also affect the likelihood that holders of common stock will receive dividends or payments upon liquidation. In addition, the rights of holders of the preferred stock offered may be adversely affected by the rights of holders of any shares of preferred stock that may be issued in the future. The preferred stock could have the effect of acting as an anti-takeover device to prevent a change in control of our Company.

Unless the particular prospectus supplement states otherwise, holders of each series of preferred stock will not have any preemptive or subscription rights to acquire more of our stock.

The transfer agent, registrar, dividend disbursing agent and redemption agent for shares of each series of preferred stock will be named in the prospectus supplement relating to such series.

Anti-Takeover Effects of Certificate of Incorporation, Bylaws and Stockholder Rights Plan

General. Our certificate of incorporation, bylaws and stockholder rights plan contain provisions that are designed in part to make it more difficult and time-consuming for a person to obtain control of our Company. The provisions of our certificate of incorporation, bylaws and stockholder rights plan reduce the vulnerability of our Company to an unsolicited takeover proposal. These provisions may also have an adverse effect on the ability of stockholders to influence the governance of our Company. In addition, our certificate of incorporation contains provisions that enable our board to limit the amount of our common stock that may be owned by persons who are not U.S. citizens. See "Common Stock—Jones Act Restrictions on Ownership by Non-U.S. Citizens" above. This may adversely affect the liquidity of our common stock in certain situations. You should read our certificate of incorporation, bylaws and stockholder rights plan in their entirety for a complete description of the rights of holders of our common stock.

In addition, because we have a significant amount of authorized but unissued common stock and preferred stock, our board of directors may make it more difficult or may discourage an attempt to obtain control of our Company by issuing additional stock in our Company.

[Table of Contents](#)

Board of Directors. Our certificate of incorporation and bylaws divide the members of our board of directors into three classes serving three-year staggered terms. The classification of directors makes it more difficult for our stockholders to change the composition of our board: at least two annual meetings of stockholders may be required for the stockholders to change a majority of the directors, whether or not a plurality of our stockholders favors such a change. The affirmative vote of the holders of at least 80% of the shares entitled to vote is required to alter or repeal the provision related to the classification of our board.

Our stockholders may only remove directors from office for cause by the affirmative vote of stockholders holding at least 80% of the shares entitled to vote at an election of directors. Our stockholders may not remove directors without cause. Vacancies in a directorship may be filled only by the vote of a majority of the remaining directors, although if a director was removed by the stockholders, the vacancy may be filled at the meeting at which the removal took place by the affirmative vote of stockholders holding at least 80% of the shares entitled to vote. The number of directors may be fixed by resolution of the board, but must be no less than four nor more than nine unless otherwise determined by holders of 80% of the shares entitled to vote at an election of directors or by unanimous consent of the board.

Contractual Restrictions on Transfer by Certain Stockholders. Todd M. Hornbeck, Troy A. Hornbeck and Cari Investment Company have agreed, beginning after we become a reporting company under the Securities Exchange Act of 1934, to give us notice of and an opportunity to make a competing offer regarding a decision by any of them to sell or consider accepting an offer to sell to a single person or entity shares of common stock representing 5% or more of our common stock, other than in compliance with Rule 144 or to an affiliate or family member of the holder. SCF-IV, L.P. has also agreed to give us notice of and an opportunity to make a competing offer regarding a decision by it to sell or consider accepting an offer to sell to a single person or entity shares of common stock representing 5% or more of our common stock. SCF-IV, L.P. is further prohibited from transferring any of its shares of our common stock to any person or entity that is a competitor of ours. In addition, certain purchasers that participated in our 2003 private placement agreed to a similar restriction prohibiting the transfer of any of their shares of our common stock to any person or entity that is a competitor of ours.

Supermajority Voting. The affirmative vote of the holders of at least 66 ²/₃% of our outstanding voting stock is required to amend or repeal our certificate of incorporation, except with respect to the classification of the board, which requires the affirmative vote of the holders of at least 80% of our outstanding voting stock. The affirmative vote of the holders of at least 80% of our outstanding voting stock is required to amend, alter, change or repeal the provisions in our bylaws governing the following matters:

- the composition of the board of directors, including the classification of the board;
- the removal of directors and the procedure for electing the successor to a removed director;
- the date and time of the annual meeting;
- advance notice of stockholder nominations and stockholder business; and
- the procedure for calling a special meeting of stockholders.

No Stockholder Action by Written Consent. Under Delaware law, unless a corporation's certificate of incorporation specifies otherwise, any action that could be taken at an annual or special meeting of stockholders may be taken without a meeting and without notice to or a vote of other stockholders if a consent in writing is signed by holders of outstanding stock having voting power sufficient to take such action at a meeting at which all outstanding shares were present and voted. Our certificate of incorporation provides that stockholder action may be taken only at an annual or special meeting of stockholders. As a result, our stockholders may not act upon any matter except at a duly called meeting.

[Table of Contents](#)

Advance Notice of Stockholder Nominations and Stockholder Business. Our stockholders may nominate a person for election as a director or bring other business before a stockholder meeting only if the proposal is provided in a written notice to the Secretary of the Company at a specified time in advance of the meeting. The notice of stockholder proposal is also required to include certain other related information, as detailed in our bylaws.

Stockholder Rights Plan. Our board implemented a stockholder rights plan on June 18, 2003, a copy of which has been filed with the Commission, and declared a dividend of one right for each outstanding share of our common stock to stockholders of record on June 18, 2003. One right will also attach to each share issued after June 18, 2003. The rights will only become exercisable, and transferable apart from our common stock, 10 business days following a public announcement that a person or group has acquired beneficial ownership of, or has commenced a tender or exchange offer for, 10% or more of our common stock. The rights plan was subsequently amended to, among other changes, conform its terms to the 1-for-2.5 reverse stock split of our common stock effected on March 5, 2004. The discussion that follows sets forth the operation of the rights.

Each right will initially entitle the holder to purchase one one-hundredth of one share of our Series A Preferred Stock at a price of \$187.50, subject to adjustment. If a person becomes an "acquiring person" as defined below, each holder of a right who is not an acquiring person will have the right to receive upon exercise of each right and payment of the purchase price one one-hundredth of one share of our Series A Preferred Stock (or, in certain circumstances, cash, property, our common stock or other of our securities). Similarly, if after an event triggering the exercise of the rights we are acquired in a merger or other business combination, or 50% or more of our assets or earning power are sold or transferred, each holder of a right (other than holders whose rights have been voided) will have the right to receive, upon exercise of the right and payment of the purchase price, that number of shares of common stock of the company acquiring us having a then current market price equal to twice the exercise price for one one-hundredth of a share of Series A Preferred Stock.

Under the rights plan, an acquiring person is a person or group that has acquired or has announced an offer to acquire 10% or more of our common stock. The following are excluded from the definition of acquiring person:

- the Company;
- any subsidiary of the Company;
- any employee benefit plan or employee stock plan of the Company, any subsidiary of the Company or any person appointed or holding our common stock pursuant to the terms of any such plans; or
- any person whose ownership of 10% or more of our common stock then outstanding results solely from being a beneficial owner of 10% or more of our common stock at the effective date of the rights plan or having participated in our 2003 private placement, results from any transaction approved by at least 80% of the members of our entire board of directors or results from a reduction in the number of our issued and outstanding shares of common stock pursuant to a transaction approved by our board of directors. A person excluded for these reasons will become an acquiring person if it acquires any additional shares of our common stock, unless such additional acquisition does not result in the person owning 10% or more of our common stock, does not increase its percentage ownership of our common stock, or is approved in the same manner.

We may redeem the rights in whole, but not in part, at a redemption price of \$.001 per right at any time before the rights become exercisable. The rights expire on June 17, 2013. Pursuant to the stockholder rights plan, all shares of our Series A Preferred Stock are reserved for issuance upon exercise of the rights.

[Table of Contents](#)

The rights have certain anti-takeover effects. The rights will cause substantial dilution to a person or group who attempts to acquire us without the approval of our board of directors. As a result, the overall effect of the rights may be to render more difficult or discourage any attempt to acquire us even if such acquisition may be favorable to the interests of our stockholders.

Because our board of directors can redeem the rights or approve certain offers, the rights should not interfere with any merger or other business combination approved by our board of directors.

The description and terms of the rights are set forth in a rights plan between the Company and Mellon Investor Services LLC, which serves as the rights agent.

Delaware Business Combination Statute. Section 203 of the Delaware General Corporation Law provides that, subject to specified exceptions, an “interested stockholder” of a Delaware corporation may not engage in any “business combination,” including general mergers or consolidations or acquisitions of additional shares of the corporation, with the corporation for a three-year period following the time that such stockholder becomes an interested stockholder unless:

- before such time, the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;
- upon consummation of the transaction which resulted in the stockholder becoming an “interested stockholder,” the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding specified shares; or
- on or after such time, the business combination is approved by the board of directors of the corporation and authorized not by written consent, but at an annual or special meeting of stockholders, by the affirmative vote of at least 66²/₃% of the outstanding voting stock not owned by the interested stockholder.

Under Section 203, the restrictions described above also do not apply to specified business combinations proposed by an interested stockholder following the announcement or notification of a transaction specified in Section 203 and involving the corporation and a person who:

- had not been an interested stockholder during the previous three years; or
- became an interested stockholder with the approval of a majority of the corporation’s directors, if such transaction is approved or not opposed by a majority of the directors who were directors prior to any person becoming an interested stockholder during the previous three years or were recommended for election or elected to succeed such directors by a majority of such directors.

Except as otherwise specified in Section 203, an “interested stockholder” is defined to include:

- any person that is the owner of 15% or more of the outstanding voting stock of the corporation, or is an affiliate or associate of the corporation and was the owner of 15% or more of the outstanding voting stock of the corporation at any time within three years immediately before the date of determination; and
- the affiliates and associates of any such person.

Under some circumstances, Section 203 makes it more difficult for an interested stockholder to effect various business combinations with a corporation for a three-year period.

Liability and Indemnification of Directors and Officers

Our certificate of incorporation provides that our directors will not be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except that it shall not eliminate or limit the liability of a director to the extent provided by applicable law (1) for any breach of a director's duty of loyalty to us or our stockholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (3) under Section 174 of the Delaware General Corporation Law, or any successor statute, or (4) for any transaction from which the director derives an improper personal benefit. Moreover, the provisions do not apply to claims against a director for violations of certain laws, including federal securities laws. If the Delaware General Corporation Law is amended to authorize the further elimination or limitation of directors' liability, then the liability of our directors will automatically be limited to the fullest extent provided by law. Our certificate of incorporation and bylaws also contain provisions to indemnify our directors and officers to the fullest extent permitted by the Delaware General Corporation Law. In addition, we have entered into indemnification agreements with our directors and officers. These provisions and agreements may have the practical effect in certain cases of eliminating the ability of stockholders to collect monetary damages from our directors and officers. We believe that these contractual agreements and the provisions in our certificate of incorporation and bylaws are necessary to attract and retain qualified persons as directors and officers.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Mellon Investor Services LLC.

DESCRIPTION OF DEBT SECURITIES

For purposes of this section entitled "Description of Debt Securities," the terms "we," "our," "us" and "Company" refer only to Hornbeck Offshore Services, Inc. and not its subsidiaries.

General

We may issue senior or subordinated debt securities. The senior debt securities will constitute part of our senior debt, will be issued under a senior debt indenture (which is separate and in addition to the indenture governing our 6.125% senior notes due 2014, referred to as the 6.125% senior note indenture) and, unless secured, will rank on a parity with all of our other unsecured and unsubordinated debt. The subordinated debt securities will be issued under a subordinated debt indenture and will be subordinate and junior in right of payment, as set forth in the subordinated debt indenture, to all of our senior indebtedness. If this prospectus is being delivered in connection with a series of subordinated debt securities, the accompanying prospectus supplement or the information we incorporate in this prospectus by reference will indicate the approximate amount of senior indebtedness outstanding as of the end of the most recent fiscal quarter for which financial statements are available. We refer to our senior debt indenture (excluding our 6.125% senior note indenture) and our subordinated debt indenture individually as an "indenture" and collectively as the "indentures." The forms of the indentures are exhibits to the registration statement we filed with the Commission, of which this prospectus is a part.

We have summarized below the material provisions of the indentures and the debt securities, or indicated which material provisions will be described in the related prospectus supplement. These descriptions are only summaries, and you should refer to the applicable indenture, which describes completely the terms and definitions summarized below and contains additional information regarding the debt securities. The specific terms of any series of debt securities will be described in a prospectus supplement. For each series of debt securities, the applicable prospectus supplement for the series

[Table of Contents](#)

may change and supplement the summary below. Any reference to particular sections or defined terms of the applicable indenture in any statement under this heading qualifies the entire statement and incorporates by reference the applicable section or definition into that statement.

The indentures do not limit the aggregate principal amount of debt securities that may be offered under the indentures. We may issue debt securities at one or more times in one or more series. Each series of debt securities may have different terms. The terms of any series of debt securities will be described in, or determined by action taken pursuant to, a resolution of our board of directors or in a supplement to the indenture relating to that series.

The prospectus supplement, including any related pricing supplement, relating to any series of debt securities that we may offer will describe the following specific financial, legal and other terms particular to such series of debt securities:

- the title and denomination of the debt securities;
- any limit on the aggregate principal amount of the debt securities;
- the date or dates on which the debt securities will mature;
- the rate or rates (which may be fixed or variable) at which the debt securities will bear interest, if any, or the method of calculating the rate or rates of interest, the method of payment of interest, in particular whether the interest will be paid in kind or otherwise, the date or dates from which interest will accrue or the method by which the date or dates will be determined, the dates on which interest will be payable, and any regular record date for payment of interest;
- the price and other terms and conditions on which the debt securities may be redeemed, in whole or in part, at our option or otherwise;
- the terms and conditions upon which we may be obligated to redeem or purchase the debt securities under any sinking fund or similar provisions or upon the happening of a specified event, passage of time or at the option of a holder;
- the place or places where the principal of, premium and other amounts, if any, and interest shall be payable;
- any covenants to which the Company or its subsidiaries may be subject with respect to the debt securities;
- the place or places where the debt securities may be surrendered for transfer or exchange, and where notices and demands to or upon the Company in respect to the debt securities and the applicable indenture may be served;
- the person or persons within which and the price or prices at which the debt securities may, in accordance with any option or mandatory redemption provisions, be redeemed and the other detailed terms and provisions of any such optional or mandatory redemption provision;
- if other than denominations of \$1,000 and any integral multiple thereof, the denomination in which the debt securities will be issuable;
- if other than the principal amount thereof, the portion of the principal amount of the debt securities which will be payable upon the declaration of acceleration of the maturity of those debt securities;
- any addition to, or modification or deletion of, any events of default or covenants with respect to the securities and any related terms for the waiver of any event of default or noncompliance of any covenant;

[Table of Contents](#)

- any index or formula used to determine the amount of payment of principal of and interest on the debt securities;
- if other than U.S. dollars, the currency or currencies, including the currency unit or units, in which payments of principal of, premium and other amounts, if any, and interest on the debt securities will or may be payable, or in which the debt securities shall be denominated, and any particular related provisions;
- if we or a holder may elect that payments of principal of, premium and other amounts, if any, or interest on the debt securities be made in a currency or currencies, including currency unit or units, other than that in which the debt securities are denominated or designated to be payable, the currency or currencies in which such payments are to be made, including the terms and conditions applicable to any payments and the manner in which they exchange rate with respect to such payments will be determined, and any particular related provisions;
- if the amount of principal payable at the maturity of any debt securities is not determinable as of any one or more dates prior to the maturity date, the amount which shall be deemed to be the principal amount of such debt securities as of any such date for any purpose;
- any provisions relating to the defeasance of our obligations in connection with the debt securities;
- any provision regarding exchangeability or conversion of the debt securities into our common stock;
- whether the debt securities will be secured;
- the terms of any transfer, mortgage, pledge or assignment as security for the debt securities;
- whether any debt securities will be issued in the form of a global security, and, if different than described above under “Description of the Securities We May Offer—Book Entry System,” any circumstances under which a global security may be exchanged for debt securities registered in the names of persons other than the depository for the global security or its nominee;
- any agents for the debt securities, including trustees, depositories, authenticating, conversion, calculation or paying agents, transfer agents or registrars;
- whether the debt securities are senior or subordinated debt securities, or a combination thereof;
- whether the subordination provisions summarized below or different subordination provisions will apply to any debt securities that are subordinated debt securities;
- any provisions relating to the satisfaction and discharge of the debt securities;
- whether the debt securities will have the benefits of any guarantee and, if so, the identity of the guarantors and the terms and provisions applicable to any such guarantee; and
- any other material terms of the debt securities.

The terms of any series of debt securities may vary from the terms described here. Thus, this summary also is subject to and qualified by reference to the description of the particular terms of your debt securities to be described in the prospectus supplement. The prospectus supplement relating to the debt securities will be attached to the front of this prospectus.

The debt securities may be offered and sold at a substantial discount below their stated principal amount and may be “original issue discount securities.” Alternatively, debt securities may be sold in a package with another security and the allocation of the offering price between the two securities may have the effect of offering the debt security at an original issue discount, in which case the debt

security will be an “original issue discount security.” “Original issue discount securities” may bear no interest or interest at a rate below the prevailing market rate at the time of issuance. In addition, less than the entire principal amount of these securities may be payable upon declaration of acceleration of their maturity. We will summarize material United States federal income tax considerations and other special considerations that may be applicable to holders of original issue discount securities in the applicable prospectus supplement.

Indentures

Debt securities issued under this prospectus that will be senior debt will be issued under a senior debt indenture (which is separate and in addition to our 6.125% senior note indenture) between us and Wells Fargo Bank, National Association, as trustee. We call that indenture, as it may be supplemented from time to time, the “senior debt indenture.” Debt securities that will be subordinated debt will be issued under a subordinated debt indenture between us and Wells Fargo Bank, National Association, as trustee. We call that indenture, as it may be supplemented from time to time, the “subordinated debt indenture”. We refer to the trustee under each of these indentures as the “senior debt indenture trustee” or as the “subordinated debt indenture trustee” as the context may require. The trustee has two main roles. First, the trustee can enforce your rights against us if we default. There are some limitations on the extent to which the trustee acts on your behalf, described under “Remedies If An Event of Default Occurs.” Second, the trustee may perform administrative duties for us, such as sending you interest payments, transferring your debt securities to a new buyer if you sell, and sending you notices. Each indenture and its associated documents contain the full legal text of the matters described in this section “Description of Debt Securities.”

Subordination of Subordinated Debt Securities

Holders of subordinated debt securities should recognize that contractual provisions in the subordinated debt indenture may prohibit us from making payments on these securities. Subordinated debt securities are subordinate and junior in right of payment, to the extent and in the manner stated in the subordinated debt indenture, to all of our senior indebtedness.

Unless otherwise provided in the applicable prospectus supplement, the subordination provisions of the subordinated debt indenture will apply to subordinated debt securities. The subordinated debt indenture provides that, unless all principal of and any premium and other amounts and interest on the senior indebtedness has been paid in full, or provision has been made to make these payments in full, no payment of principal of, or any premium or other amounts or interest on, any subordinated debt securities may be made in the event:

- of any insolvency or bankruptcy proceedings, or any receivership, liquidation, reorganization or other similar proceedings involving us or a substantial part of our property;
- that a default has occurred in the payment of principal, any premium, interest or other monetary amounts due and payable on any senior indebtedness or there has occurred any other event of default concerning senior indebtedness that permits the holder or holders of the senior indebtedness or a trustee with respect to senior indebtedness to accelerate the maturity of the senior indebtedness with notice or passage of time, or both, and that event of default has continued beyond the applicable grace period, if any, and that default or event of default has not been cured or waived or has not ceased to exist and any related acceleration has been rescinded; or
- that the principal of and accrued interest on any subordinated debt securities have been declared due and payable upon an event of default as defined under the subordinated debt indenture and that declaration has not been rescinded and annulled as provided under the subordinated debt indenture.

[Table of Contents](#)

If the subordinated debt indenture trustee or any direct holders of the subordinated debt securities receive any payment or distribution that is prohibited under the subordination provisions, then such trustee or the direct holders will have to repay that money to us or the persons making payment or distributions, as the case may be. Even if the subordination provisions prevent us from making any payment when due on the subordinated debt securities of any series, we will be in default on our obligations under that series if we do not make the payment when due. This means that the subordinated debt indenture trustee and the direct holders of that series can take action against us, but they will not receive any money until the claims of the direct holders of senior indebtedness have been fully satisfied.

The prospectus supplement may include a description of additional terms implementing the subordination feature.

Events Of Default

General

You will have special rights if an “event of default” occurs, with respect to any series, and is not cured, as described later in this subsection or in a prospectus supplement. Under each indenture, the term “event of default” means any of the following:

- we do not pay interest on a debt security, in the case of senior debt securities or subordinated debt securities, within 30 days of its due date;
- we do not pay the principal or any premium on a debt security on its due date;
- we do not make a sinking fund payment, if applicable, within five days following its due date;
- we remain in breach of any covenant or warranty described in such indenture for 60 days after we receive a notice stating we are in breach;
- certain events of bankruptcy, insolvency or reorganization of our Company; or
- if a subsidiary guarantee for a debt security is held to be invalid by a court.

Remedies if an Event of Default Occurs

With respect to events of default relating to certain events of bankruptcy, insolvency or reorganization, all principal and accrued interest on the debt securities shall become immediately due and payable. If another event of default has occurred and has not been cured, the trustee or the direct holders of 25% in principal amount of the outstanding debt securities of the affected series may declare the entire principal amount of all the debt securities of that series to be due and immediately payable. This is called a “declaration of acceleration of maturity.”

Except in cases of default, where a trustee has some special duties, a trustee is not required to take any action under the terms of each indenture at the request of any direct holders unless the direct holders offer the trustee reasonable protection from expenses and liability (called an “indemnity”). If reasonable indemnity is provided, the direct holders of a majority in principal amount of the outstanding debt securities of the relevant series may direct the time, method and place of conducting any lawsuit or other formal legal action seeking any remedy available to the trustee. These majority direct holders may also direct the trustee in performing any other action under the terms of each indenture.

In general, before you bypass the trustee and bring your own lawsuit or other formal legal action or take other steps to enforce your rights or protect your interests relating to the debt securities, the following must occur:

- you must give the trustee written notice that an event of default has occurred and remains uncured;

[Table of Contents](#)

- the direct holders of 25% in principal amount of all outstanding debt securities of the relevant series must make a written request that the trustee take action because of the default, and must offer reasonable indemnity to the trustee against the cost and other liabilities of taking that action;
- the trustee must have not taken action for 60 days after receipt of the above notice and offer of indemnity; and
- the trustee must not have received from direct holders of a majority in principal amount of the outstanding debt securities of that series a direction inconsistent with the written notice during the 60 day period after receipt of the above notice.

However, you are entitled at any time to bring a lawsuit for the payment of money due on your debt security on or after its due date, subject to applicable subordination features, if any.

Satisfaction and Discharge

We can discharge or defease our obligations under the indentures as stated below or as provided in the applicable prospectus supplement.

Unless otherwise provided in the applicable prospectus supplement, we may discharge obligations to holders of any series of debt securities that have not already been delivered to the trustee for cancellation and that have either become due and payable or are by their terms to become due and payable, or are scheduled for redemption, within one year. Subject to certain other conditions, we may effect a discharge by irrevocably depositing with the trustee cash in an amount certified to be enough to pay when due, whether at maturity, upon redemption or otherwise, the principal of, premium and other amounts, if any, and interest on the debt securities and any mandatory sinking fund payments.

Modification

There are three types of changes we can make to the indentures and the debt securities.

Changes Requiring Your Approval

First, there are changes that cannot be made to the indentures or your debt securities without your specific approval. Following is a list of those types of changes:

- change the payment due date of the principal or interest on a debt security;
- reduce any amounts due on a debt security;
- reduce the amount of principal payable upon acceleration of the maturity of a debt security following a default;
- change the place of or the currency for payment on a debt security;
- impair your right to sue for payment or for conversion of a debt security;
- release any guarantor subsidiary other than as provided in the indentures;
- reduce the percentage in principal amount of debt securities, the consent of whose holders is required to modify or amend the indentures;
- modify any other aspect of the provisions dealing with modification and waiver of the indentures;
- modify any conversion ratio, if any, or otherwise impair conversion rights, if any, of any debt security except as permitted by the indentures;

[Table of Contents](#)

- modify any redemption provisions;
- directly or indirectly release any of the collateral or security interest or guarantee in respect of the debt securities, except as permitted in the indentures;
- change any obligations to pay additional amounts under the applicable indentures; and
- reduce the percentage in principal amount of debt securities, the consent of whose holders is required to waive compliance with certain provisions of the indentures or to waive certain defaults.

In addition, we may not amend the subordinated debt indenture to alter the subordination of any outstanding subordinated debt securities in a manner adverse to the holders of senior indebtedness without the written consent of the requisite portion of holders of senior indebtedness then outstanding under the terms of such senior indebtedness.

Changes Requiring a Majority Vote

The second type of change to the indentures and the debt securities is the kind that requires consent of the holders of a majority in principal amount of the outstanding debt securities of the particular series affected. With a majority vote, the holders may waive past defaults, provided that such defaults are not of the type described previously under "Changes Requiring Your Approval."

Changes Not Requiring Approval

The third type of change does not require any vote by direct holders of debt securities. This type is limited to clarifications and certain other changes that would not adversely affect holders of the debt securities.

Defeasance and Covenant Defeasance

Except as provided in the applicable prospectus supplement, we may elect either

- to be discharged from all our obligations in respect of debt securities (and any related guarantees) of any series, except for our obligations to execute, authenticate, deliver and date debt securities, to register the transfer or exchange of debt securities, to replace temporary, destroyed, stolen, lost or mutilated debt securities, to furnish to the trustee a list of names and addresses of holders of debt securities of any series, to maintain paying agencies and to hold in trust monies for punctual payment of principal and interest of the debt securities of such series to the applicable holders of record we will refer to this discharge as "defeasance"), or
- to be released from our obligations to comply with some restrictive covenants applicable to the debt securities of any series (we will refer to this release as "covenant defeasance");

in either case upon the deposit with the trustee, or other qualifying trustee, in trust, of money and/or U.S. government obligations which will provide money sufficient to pay all principal of and any premium, other amounts and interest on the debt securities of that series when due. We may establish such a trust only if, among other things, we have received an opinion of counsel to the effect that the holders of debt securities of the series will not recognize income, gain or loss for federal income tax purposes as a result of the deposit, defeasance or covenant defeasance and will be subject to federal income tax on the same amounts, and in the same manner and at the same times as would have been the case if the deposit, defeasance or covenant defeasance had not occurred. The opinion, in the case of defeasance under the first bullet point above, must refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable federal income tax laws occurring after the date of the relevant indenture.

[Table of Contents](#)

We may exercise the defeasance option with respect to debt securities notwithstanding our prior exercise of the covenant defeasance option. If we exercise the defeasance option, payment of the debt securities may not be accelerated because of a default. If we exercise the covenant defeasance option, payment of the debt securities may not be accelerated by reason of a default with respect to the covenants to which covenant defeasance is applicable. However, if the acceleration were to occur by reason of another default, the realizable value at the acceleration date of the money and U.S. government obligations in the defeasance trust could be less than the principal and interest then due on the debt securities, in that the required deposit in the defeasance trust is based upon scheduled cash flow rather than market value, which will vary depending upon interest rates and other factors.

Conversion Rights

The terms and conditions, if any, on which debt securities being offered are convertible into common stock will be set forth in an applicable prospectus supplement. Those terms will include the conversion price, the conversion period, provisions as to whether conversion will be at the option of the holder or us, the events requiring an adjustment of the conversion price and provisions affecting conversion in the event that the debt securities are redeemed.

Consolidation, Merger And Sale Of Assets

We may consolidate or merge with or into another entity, and we may sell or lease substantially all of our assets to another corporation if the following conditions, among others, are met:

- where we merge out of existence or sell or lease substantially all our assets, the other entity must be a corporation, partnership or trust organized under the laws of a State or the District of Columbia or under federal law, and it must agree to be legally responsible for the debt securities;
- where, as a result of such transaction, our assets become subject to a mortgage, pledge, lien, security interest or other encumbrance which is not otherwise permitted under the indentures, we or our successor must take such steps as may be necessary to secure the debt securities equally and ratably with (or prior to) all indebtedness secured thereby;
- the merger, sale of assets or other transaction must not cause a default or an event of default on the debt securities; and
- any other conditions provided in the indentures with respect to the debt securities are satisfied.

Form, Exchange, Registration And Transfer

Generally, we will issue debt securities only in registered global form. However, if specified in the prospectus supplement or in the certain instances described in "Description of the Securities We May Offer—Book-Entry System," we may issue certificated securities in definitive form.

You may have your debt securities broken into more debt securities of smaller denominations or combined into fewer debt securities of larger denominations, as long as the total principal amount is not changed. This is called an "exchange."

You may exchange or transfer debt securities at the office of the trustee. The trustee (or replacement trustee) acts as our agent for registering debt securities in the names of holders and transferring debt securities. The person performing the role of maintaining the list of registered direct holders is called the "security registrar." It will also perform transfers. You will not be required to pay a service charge to transfer or exchange debt securities, but you may be required to pay for any tax or other governmental charge associated with the exchange or transfer. The transfer or exchange will only be made if the security registrar is satisfied with your proof of ownership.

[Table of Contents](#)

If the debt securities are redeemable and we redeem less than all of the debt securities of a particular series, we may block the transfer or exchange of those debt securities during the period beginning 15 days before the day we mail the notice of redemption and ending on the day of that mailing, in order to freeze the list of holders to prepare the mailing. We may also refuse to register transfers or exchanges of debt securities selected for redemption, except that we will continue to permit transfers and exchanges of the unredeemed portion of any debt security being partially redeemed.

Payment And Paying Agents

We will pay interest to you if you are a direct holder listed in the trustee's records at the close of business on a particular day in advance of each due date for interest, even if you no longer own the debt security on the interest due date. That particular day, usually about two weeks in advance of the interest due date, is called the "regular record date" and will be stated in the prospectus supplement. Holders buying and selling debt securities must work out between them how to compensate for the fact that we will pay all the interest for an interest period to the one who is the registered holder on the regular record date. The most common manner is to adjust the sales price of the debt securities to prorate interest fairly between buyer and seller. This prorated interest amount is called "accrued interest."

We may choose to pay interest, principal and any other money due on the debt securities at the corporate trust office of the trustee. You must make arrangements to have your payments picked up at or wired from the trust office.

We may also arrange for additional payment offices, and may cancel or change these offices, including our use of the trustee's corporate trust office. These offices are called "paying agents." We may also choose to act as our own paying agent. We must notify you of changes in the paying agents for any particular series of debt securities.

Notices

Notices to holders of debt securities will be given by mail to the addresses of such holders as they appear in the security register.

Regarding the Trustee

The trustee under the senior debt indenture and the subordinated debt indenture and their respective affiliates may engage in, and will be permitted to continue to engage in, other transactions with us and our affiliates, provided, however, that if it acquires any conflicting interest as described under the Trust Indenture Act of 1939, it must eliminate the conflict or resign.

Governing Law

The indentures will be governed by the laws of the State of New York.

DESCRIPTION OF WARRANTS

For purposes of this section entitled “Description of Warrants,” the terms “we,” “our,” “us” and “Company” refer only to Hornbeck Offshore Services, Inc. and not its subsidiaries.

We may issue warrants to purchase shares of any class or series of common stock, preferred stock or debt securities. Warrants may be issued independently or together with any shares of common stock, preferred stock or debt securities and may be attached to or separate from such shares of common stock or preferred stock or debt securities.

Each series of warrants will be issued under a separate warrant agreement (each, a “Warrant Agreement”) to be entered into between us and a warrant agent (each, a “Warrant Agent”). The Warrant Agent will act as our agent in connection with the Warrants of such series and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants. The following sets forth some of the general terms and provisions of the warrants that may be offered. Further terms of the warrants and the applicable Warrant Agreement will be set forth in the applicable prospectus supplement. The Warrant Agreement for a particular series of warrants will be filed as an exhibit to a document incorporated by reference in the registration statement of which this prospectus is a part.

The applicable prospectus supplement will describe the following terms of any warrants in respect of which this prospectus is being delivered:

- the title of the warrants;
- the securities, which may include shares of any class or series of common stock, preferred stock or debt securities, for which the warrants are exercisable;
- the price or prices at which the warrants will be issued;
- the periods during which the warrants are exercisable;
- the number of shares of any class or series of common stock or preferred stock or the amount of debt securities for which each warrant is exercisable;
- the exercise price for the warrants, including any changes to or adjustments in the exercise price;
- if applicable, the designation and terms of the securities with which the warrants are issued and the number of warrants issued with each security or each principal amount of security;
- if applicable, the date on and after which the warrants and the related common stock, preferred stock or debt securities will be separately transferable;
- any listing of the warrants on a securities exchange or automated quotation system;
- if applicable, a discussion of material United States federal income tax consequences and other special considerations with respect to any warrants; and
- any other terms of the warrants, including terms, procedures and limitations relating to the transferability, exchange and exercise of such warrants.

SELLING STOCKHOLDERS

The following table sets forth information about the selling stockholders' beneficial ownership of our common stock as of September 7, 2005 as provided by the selling stockholders and after the sale of the common stock offered by the selling stockholders under this prospectus and the applicable prospectus supplement, assuming all such shares are sold. The selling stockholders have not committed to sell any shares under this prospectus. The numbers presented under "Shares Beneficially Owned After the Offering" assumes that all of the shares offered by the selling stockholders are sold and that the selling stockholder acquires no additional shares of our common stock before the completion of this offering. The selling stockholders may offer from time to time all, some or none of the shares of our common stock beneficially owned by them, and there are currently no agreements, arrangements or understandings with respect to the sale or distribution of any of our common stock by the selling stockholders. We will pay all expenses incurred with respect to the registration and sale of their respective common stock except that the selling stockholders will pay all underwriting fees, discounts and commissions related to any shares sold, as well as certain out-of-pocket expenses incurred directly by such selling stockholders.

Mr. Waite has disclaimed beneficial ownership of the shares beneficially owned by SCF-IV, L.P. See "Description of Capital Stock—Voting Agreements" for a description of certain contractual relationships between SCF-IV, L.P. and the Company.

Mr. Hunt has disclaimed beneficial ownership of the shares owned by the Trust Estate.

PLAN OF DISTRIBUTION

We and the selling stockholders may sell the offered securities in and outside the United States (1) through underwriters or dealers, (2) directly to purchasers, including our affiliates and stockholders, or, in the case of the Company only, in a rights offering, (3) through agents or (4) through a combination of any of these methods. The prospectus supplement will include the following information:

- the terms of the offering;
- the names of any underwriters, dealers or agents;
- the name or names of any managing underwriter or underwriters;
- the purchase price of the securities;
- the net proceeds from the sale of the securities;
- any delay delivery arrangements;
- any underwriting discounts, commissions and other items constituting underwriters' compensation;

[Table of Contents](#)

- any initial public offering price or price range;
- any discounts or concessions allowed or reallocated or paid to dealers; and
- any commissions paid by agents.

In addition, we and the selling stockholders may enter into derivative or other hedging transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third parties may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third parties in such sale transactions will be underwriters and, if not identified in this prospectus, will be identified in the applicable prospectus supplement (or a post-effective amendment). We or one of our affiliates may also sell shares of our common stock short using this prospectus and deliver the common stock covered by this prospectus to close out such short positions, or loan or pledge securities to a financial institution or other third party that in turn may sell the securities using this prospectus. We may pledge or grant a security interest in some or all of the common stock covered by this prospectus to support a derivative or hedging position or other obligation and, if we default on the performance of our obligations, the pledgees or secured parties may offer and sell the common stock from time to time pursuant to this prospectus. Such financial institution or third party may transfer its short position to investors in our securities or in connection with a simultaneous offering of other securities offered by this prospectus or otherwise.

Sale Through Underwriters or Dealers

If securities are sold by us or the selling stockholders by means of an underwritten offering, we and the selling stockholders, as applicable, will execute an underwriting agreement with an underwriter or underwriters at the time an agreement for such sale is reached, and the names of the specific managing underwriter or underwriters, as well as any other underwriters, the respective amounts underwritten and the terms of the transaction, including commissions, discounts and any other compensation of the underwriters and dealers, if any, will be set forth in the applicable prospectus supplement which will be used by the underwriters to make resales of the securities in respect of which this prospectus is being delivered to the public. In such sales, the underwriters will acquire the securities for their own account for resale to the public. The underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless we inform you otherwise in the prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions, and the underwriters will be obligated to purchase all of the offered securities if they purchase any of them. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

Representatives of the underwriters through whom the offered securities are sold for public offering and sale may engage in over-allotment, stabilizing transactions, syndicate short covering transactions and penalty bids in accordance with Regulation M under the Securities Exchange Act of 1934. Over-allotment involves syndicate sales in excess of the offering size, which creates a syndicate short position. Stabilizing transactions permit bids to purchase the offered securities so long as the stabilizing bids do not exceed a specified maximum. Syndicate covering transactions involve purchases of the offered securities in the open market after the distribution has been completed in order to cover syndicate short positions. Penalty bids permit the representative of the underwriters to

[Table of Contents](#)

reclaim a selling concession from a syndicate member when the offered securities originally sold by such syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions. Such stabilizing transactions, syndicate covering transactions and penalty bids may cause the price of the offered securities to be higher than it would otherwise be in the absence of such transactions. These transactions may be effected on a national securities exchange and, if commenced, may be discontinued at any time.

Some or all of the securities that we offer through this prospectus may be new issues of securities with no established trading market, other than the common stock. Any common stock sold pursuant to a prospectus supplement will be listed on the New York Stock Exchange, subject to official notice of issuance. Any underwriters to whom we sell our securities for public offering and sale, other than our common stock, may make a market in those securities, but they will not be obligated to do so and they may discontinue any market making at any time without notice. We cannot assure you of the liquidity of, or continued trading markets for, any securities that we offer.

If we and the selling stockholders use dealers in the sale of securities, the securities will be sold to them as principals. They may then resell those securities to the public at varying prices determined by the dealers at the time of resale. We will include in the prospectus supplement the names of the dealers and the terms of the transaction.

Underwriters or sales agents may make sales in privately negotiated transactions and/or any other method permitted by law, including sales deemed to be an "at the market" offering as defined in Rule 415 promulgated under the Securities Act, which includes sales made directly on the New York Stock Exchange, the existing trading market for our common stock, or sales made to or through a market maker other than on an exchange. At the market offerings may not exceed 10% of the aggregate market value of our outstanding voting securities held by non affiliates on a date within 60 days prior to the filing of the registration statement of which this prospectus is a part.

Direct Sales and Sales through Agents

We or the selling stockholders may sell the securities directly. In this case, no underwriters or agents would be involved. We or the selling stockholders may also sell the securities through agents designated from time to time. In the prospectus supplement, the name of any agent involved in the offer or sale of the offered securities will be provided, and we will describe any commissions payable to the agent. Unless you are informed otherwise in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

We and the selling stockholders may sell the securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of those securities. The terms of any such sales will be described in the prospectus supplement.

We may also make direct sales through subscription rights distributed to our existing stockholders on a pro rata basis that may or may not be transferable. In any distribution of subscription rights to our stockholders, if all of the underlying securities are not subscribed for, we may then sell the unsubscribed securities directly to third parties or we may engage the services of one or more underwriters, dealers or agents, including standby underwriters, to sell the unsubscribed securities to third parties.

Remarketing Arrangements

Offered securities may also be offered and sold, if so indicated in the applicable prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more remarketing firms, acting as principals

[Table of Contents](#)

for their own accounts or as agents for us or the selling stockholders. Any remarketing firm will be identified and the terms of its agreements, if any, with us or the selling stockholders and its compensation will be described in the applicable prospectus supplement. Remarketing firms may be deemed to be underwriters, as that term is defined in the Securities Act, in connection with the securities remarketed.

Delayed Delivery Arrangements

If we so indicate in the prospectus supplement, we or the selling stockholders may authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase securities from us and the selling stockholders, as applicable, at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the prospectus supplement. The prospectus supplement will describe the commission payable for solicitation of those contracts.

General Information

We and the selling stockholders may have agreements with the underwriters, dealers and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments that the underwriters, dealers or agents may be required to make.

Underwriters, dealers and agents may engage in transactions with, or perform services for, us in the ordinary course of our business.

SPECIAL NOTE REGARDING FORWARD LOOKING STATEMENTS

This prospectus and the documents incorporated by reference into this prospectus contain “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, or Securities Act, and Section 21E of the Exchange Act. These statements include certain discussions relating to our earnings and projected business, among other things. We have based these forward-looking statements on our current views and assumptions about future events and our future financial performance. For a discussion of risk factors affecting the securities offered by us, please reference the risk factors in the section entitled “Risk Factors” in the accompanying prospectus supplement.

Among the risks, uncertainties and assumptions to which these forward-looking statements may be subject are:

- our ability to finance our operations on acceptable terms and access the debt and equity markets to fund our capital requirements, which may depend on general market conditions and our financial condition at the time;
- our ability to charter our vessels on acceptable terms; and
- our success at managing these risks.

Our forward-looking statements are only predictions based on expectations that we believe are reasonable. Actual events or results may differ materially from those described in any forward-looking statement. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. To the extent these risks, uncertainties and assumptions give rise to events that vary from our expectations, the forward-looking events discussed in this prospectus may not occur.

RECENT DEVELOPMENTS

On or about the date of this prospectus, we also filed a registration statement on Form S-4 with the Commission using a “shelf” registration process to register the issuance of common stock, preferred stock, debt securities and warrants, or any combination thereof, in connection with certain acquisitions. Under that registration statement, we may, over time in connection with the acquisition of various assets, businesses or securities, offer and sell any combination of the referenced securities up to a total dollar amount of \$150,000,000, in addition to the \$350,000,000 contemplated by this prospectus.

USE OF PROCEEDS

Unless otherwise indicated in an accompanying prospectus supplement, we expect to use the net proceeds from the sale of the notes offered pursuant to this prospectus and any accompanying prospectus supplement for general corporate purposes. These purposes may include financing of strategic acquisitions and capital expenditures (including newbuild and conversion programs), additions to working capital and repayment of all or a portion of our indebtedness outstanding at the time. Until the net proceeds are used for these purposes, we may deposit them in interest-bearing accounts or invest them in short-term marketable securities. Any specific allocation of the net proceeds of an offering of notes to a specific purpose will be determined at the time of the offering and will be described in an accompanying prospectus supplement.

RATIO OF EARNINGS TO FIXED CHARGES

The ratio of earnings to fixed charges is computed by dividing fixed charges into earnings. For purposes of determining the ratios of earnings to fixed charges, earnings are defined as income from continuing operations plus fixed charges, excluding capitalized interest. Fixed charges consist of interest (whether expensed or capitalized) and amortization of debt expenses. As of the date of this prospectus, we do not have any preferred stock outstanding. The table below sets forth the calculation of the ratio of earnings to fixed charges for the periods indicated (in thousands, except for ratio data).

	Year Ended December 31,				Six Months Ended June 30,	
	2001	2002	2003	2004	2004	2005
Total Interest Cost						
Interest Expense	\$ 16,646	\$ 16,207	\$ 18,523	\$ 17,698	\$ 9,801	\$ 5,438
Capitalized Interest	3,075	3,867	2,734	3,004	911	2,110
Total Interest Cost (fixed charges)	19,721	20,074	21,257	20,702	10,712	7,548
Pre-tax Income	12,756	18,786	18,048	(3,803)	6,768	20,576
Interest Expense	16,646	16,207	18,523	17,698	9,801	5,438
Earnings	29,402	34,993	36,571	13,895	16,569	26,014
Ratio of earnings to fixed charges⁽¹⁾	1.49x	1.74x	1.72x	0.67x	1.55x	3.45x

- (1) If we adjust earnings to exclude the impact of loss on the early extinguishment of debt incurred in the 2001, 2004 and 2005 periods reflected above, the ratio of earnings to fixed charges, as so adjusted, would be 1.64x and 1.76x for the years ended December 31, 2001 and 2004, respectively, and 1.55x and 3.67x for the six-month periods ended June 30, 2004 and 2005, respectively.

DESCRIPTION OF THE NOTES**General**

On November 23, 2004, we issued, in a private placement, \$225,000,000 aggregate principal amount of our 6.125% Senior Notes due 2014 under an Indenture dated as of November 23, 2004 (the "Indenture") among the Company, the Guarantors and Wells Fargo Bank, National Association, as trustee (the "Trustee"). These notes were subsequently exchanged for substantially similar notes pursuant to an exchange offer that was registered under the Securities Act (such exchanged notes being referred to herein as the "Outstanding Notes"). Subject to the covenant described in the first paragraph under "—Certain Covenants—Incurrence of Indebtedness and Issuance of Preferred Stock", the Company has the flexibility of issuing additional Notes in the future in an unlimited amount under the Indenture (the "Additional Notes").

For purposes of this description, references to the "Company" mean Hornbeck Offshore Services, Inc., but not any of its subsidiaries. You will find the definitions of some of the other capitalized terms used in this description under the heading "—Certain Definitions". The term "Notes" as used herein refers collectively to the Outstanding Notes and any Additional Notes issued in the future.

This "Description of the Notes" is intended to be a useful overview of the material provisions of the Notes and the Indenture. As this description is only a summary, you should refer to the Indenture and the Notes for a complete description of the obligations of the Company and your rights. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act").

Table of Contents

The Notes:

- are general unsecured obligations of the Company;
- are issued in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof;
- are represented by one or more registered Notes in global form, but in certain circumstances may be represented by Notes in certificated form;
- rank equally in right of payment to all existing and any future senior indebtedness of the Company, but are effectively subordinated to all existing and future secured indebtedness of the Company to the extent of the value of the collateral securing such indebtedness;
- rank senior in right of payment to any future subordinated indebtedness of the Company; and
- are unconditionally guaranteed on a senior basis by certain Subsidiaries of the Company.

Any Outstanding Notes and Additional Notes that are issued and outstanding in the future will be treated as a single class of securities under the Indenture

Initially, not all of the Company's existing Subsidiaries will guarantee the Notes. Furthermore, under the circumstances described below under the subheading "—Certain Covenants—Additional Subsidiary Guarantees", in the future one or more of its Subsidiaries may not guarantee the Notes. In the event of a bankruptcy, liquidation or reorganization of any of these non-guarantor Subsidiaries, the non-guarantor Subsidiaries will pay the holders of their debt and their trade creditors before they will be able to distribute any of their assets to the Company. The non-guarantor Subsidiaries have no outstanding Indebtedness (other than intercompany Indebtedness). Such non-guarantor Subsidiaries generated less than 1.0% of the Company's consolidated revenues in the fiscal year ended December 31, 2003 and held less than 1.0% of its consolidated assets as of December 31, 2004.

As of the date of the Indenture, all of the Company's Subsidiaries are "Restricted Subsidiaries". However, under the circumstances described below under the subheading "—Certain Covenants—Future Designation of Restricted and Unrestricted Subsidiaries", the Company will be permitted to designate certain of its Subsidiaries as "Unrestricted Subsidiaries". Unrestricted Subsidiaries will not be subject to many of the restrictive covenants in the Indenture. Unrestricted Subsidiaries will not guarantee the Notes.

Principal, Maturity and Interest

The Notes will mature on December 1, 2014. Interest on the Notes will:

- accrue at the rate of 6.125% per annum;
- accrue, with respect to the Outstanding Notes, from November 23, 2004 and, with respect to the Additional Notes, from the date of their issuance;
- be payable in cash semi-annually in arrears on June 1 and December 1, commencing on June 1, 2005;
- be payable to the holders of record on the May 15 and November 15 immediately preceding the related interest payment dates; and
- be computed on the basis of a 360-day year comprised of twelve 30-day months.

Methods of Receiving Payments on the Notes

If a holder has given wire transfer instructions to the paying agent, the Company will pay all principal, interest and premium, if any, on that holder's Notes in accordance with those instructions. All

[Table of Contents](#)

other payments on Notes will be made at the office or agency of the paying agent within the City and State of New York unless the Company elects to make interest payments by check mailed to the holders at their addresses set forth in the register of holders.

Paying Agent and Registrar for the Notes

The Trustee will initially act as paying agent and registrar. The Company may change the paying agent or registrar without prior notice to the holders of the Notes, and the Company or any of its Subsidiaries may act as paying agent or registrar.

Transfer and Exchange

A holder may transfer or exchange Notes in accordance with the Indenture. The registrar and the Trustee may require a holder to furnish appropriate endorsements and transfer documents in connection with a transfer of Notes. No service charge will be imposed by the Company, the Trustee or the registrar for any registration of transfer or exchange of Notes, but holders will be required to pay all taxes due on transfer. The Company is not required to transfer or exchange any Note selected for redemption. Also, the Company is not required to transfer or exchange any Note for a period of 15 days before a selection of Notes to be redeemed.

Subsidiary Guarantees

The Company's payment obligations under the Notes are jointly and severally guaranteed (the "Subsidiary Guarantees") by all of the Company's current Significant Subsidiaries. In the future, certain Restricted Subsidiaries of the Company will be required to guarantee the Notes under the circumstances described under "—Certain Covenants—Additional Subsidiary Guarantees".

The obligations of each Guarantor under its Subsidiary Guarantee are a general unsecured obligation of such Guarantor, ranking equally in right of payment with all other current or future senior indebtedness of such Guarantor, including any borrowings under the Credit Facility, and senior in right of payment to any subordinated indebtedness incurred by such Guarantor in the future. The Subsidiary Guarantees are effectively subordinated, however, to all current and future secured obligations of the Guarantors, including any borrowings under the Credit Facility, to the extent of the value of the assets collateralizing such obligations.

The obligations of each Guarantor under its Subsidiary Guarantee are limited to the maximum amount that will, after giving effect to such maximum amount and all other contingent and fixed liabilities of such Guarantor that are relevant under bankruptcy, fraudulent conveyance and fraudulent transfer and similar laws, and after giving effect to any collections from, rights to receive contribution from or payments made by or on behalf of any other Guarantor in respect of the obligations of such other Guarantor under its Subsidiary Guarantee, result in the obligations of such Guarantor under its Subsidiary Guarantee not constituting a fraudulent transfer or conveyance.

The Indenture provides that no Guarantor may consolidate with or merge with or into (whether or not such Guarantor is the surviving Person) another Person (other than the Company or another Guarantor), whether or not affiliated with such Guarantor, unless:

- (1) subject to the provisions of the following paragraph, the Person formed by or surviving any such consolidation or merger (if other than such Guarantor) executes a supplement to the Indenture and delivers an Opinion of Counsel in accordance with the terms of the Indenture;
- (2) immediately after giving effect to such transaction, no Default or Event of Default exists;
- (3) such Guarantor, or any Person formed by or surviving any such consolidation or merger, would have Consolidated Net Worth (immediately after giving effect to such transaction), equal to

[Table of Contents](#)

or greater than the Consolidated Net Worth of such Guarantor immediately preceding the transaction; and

(4) the Company would be permitted by virtue of the Company's *pro forma* Consolidated Interest Coverage Ratio, immediately after giving effect to such transaction, to incur at least \$1.00 of additional Indebtedness pursuant to the Consolidated Interest Coverage Ratio test set forth in the covenant described below under the caption "—Certain Covenants—Incurrence of Indebtedness and Issuance of Preferred Stock".

The Indenture provides that, in the event of a sale or other disposition (including by way of merger or consolidation) of all or substantially all of the assets or all of the Capital Stock of any Guarantor, then such Guarantor or the Person acquiring its assets will be released and relieved of any obligations under its Subsidiary Guarantee; *provided, however*, that the Net Proceeds of such sale or other disposition are applied in accordance with the applicable provisions of the Indenture. See "—Repurchase at the Option of Holders—Asset Sales". In addition, in the event the Board of Directors designates a Guarantor to be an Unrestricted Subsidiary, then such Guarantor will be released and relieved of any obligations under its Subsidiary Guarantee, *provided* that such designation is conducted in accordance with the applicable provisions of the Indenture. All Subsidiary Guarantees will be released also upon Legal Defeasance as described below under the caption "—Legal Defeasance and Covenant Defeasance" or upon satisfaction and discharge of the Indenture as described below under the caption "—Satisfaction and Discharge".

Optional Redemption

At any time prior to December 1, 2009, the Company may redeem the Notes at its option, in whole or in part, at a redemption price equal to 100% of the principal amount thereof plus the Make Whole Premium as of, and accrued and unpaid interest, if any, to, the date of redemption (subject to the right of holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the redemption date).

The Notes will also be redeemable at the Company's option on or after December 1, 2009, in whole or in part, at the redemption prices (expressed as percentages of principal amount) set forth below, plus accrued and unpaid interest, if any, thereon to the applicable redemption date (subject to the right of holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the redemption date), if redeemed during the twelve-month period beginning on December 1 of the years indicated below:

<u>Year</u>	<u>Percentage</u>
2009	103.063%
2010	102.042%
2011	101.021%
2012 and thereafter	100.000%

Further, prior to December 1, 2007, the Company may redeem up to 35% of the aggregate principal amount of Notes originally issued at a redemption price of 106.125% of the principal amount thereof, plus accrued and unpaid interest, if any, thereon to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the redemption date), with the net cash proceeds of one or more Qualified Equity Offerings, *provided* that

(a) at least 65% of the aggregate principal amount of Notes originally issued remains outstanding immediately after the occurrence of each such redemption and

(b) each such redemption occurs within 60 days of the date of the closing of each such Qualified Equity Offering.

Selection and Notice

If less than all of the Notes are to be redeemed at any time, selection of Notes for redemption will be made by the Trustee on a *pro rata* basis, by lot or by such method as the Trustee considers fair and appropriate; *provided, however*, that no Notes of \$2,000 or less may be redeemed in part.

Notices of redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each holder of Notes to be redeemed at its registered address.

Notices of redemption may not be conditional.

If any Note is to be redeemed in part only, the notice of redemption that relates to such Note will state the portion of the principal amount thereof to be redeemed. A new Note in principal amount equal to the unredeemed portion thereof will be issued in the name of the holder thereof upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Notes or portions of them called for redemption.

Mandatory Redemption

Except as set forth below under “—Repurchase at the Option of Holders”, the Company is not required to repurchase the Notes or to make mandatory redemption or sinking fund payments with respect to the Notes.

Repurchase at the Option of Holders

Change of Control. Upon the occurrence of a Change of Control, the Company will be required to make an offer (a “Change of Control Offer”) to repurchase all or any part (equal to minimum amounts of \$2,000 and integral multiples of \$1,000 in excess thereof) of each holder’s Notes at an offer price in cash equal to 101% of the aggregate principal amount thereof, plus accrued and unpaid interest, if any, thereon to the date of repurchase (the “Change of Control Payment”), subject to the right of holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the date of repurchase.

Within 30 days following a Change of Control, the Company will mail a notice to each holder of Notes and the Trustee describing the transaction that constitutes the Change of Control and offering to repurchase Notes on the date specified in such notice, which date shall be no earlier than 30 days and no later than 60 days from the date such notice is mailed (the “Change of Control Payment Date”), pursuant to the procedures required by the Indenture and described in such notice. The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of Notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Indenture, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the Indenture by virtue of such conflict.

On or before the Change of Control Payment Date, the Company will, to the extent lawful,

(a) accept for payment all Notes or portions thereof properly tendered pursuant to the Change of Control Offer,

(b) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all Notes or portions thereof so tendered and

Table of Contents

(c) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officers' Certificate stating the aggregate principal amount of Notes or portions thereof being purchased by the Company.

The Paying Agent will promptly mail to each holder of Notes so tendered the Change of Control Payment for such Notes (or, if all the Notes are then in global form, make such payment through the facilities of The Depository Trust Company), and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new Note equal in principal amount to any unpurchased portion of the Notes surrendered, if any; *provided, however*, that each such new Note will be in a minimum principal amount of \$2,000. The Company will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

Except as described above with respect to a Change of Control, the Indenture does not contain provisions that permit the holders of the Notes to require that the Company repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction. In addition, the Company could enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that could affect the Company's capital structure or the value of the Notes, but that would not constitute a Change of Control. The occurrence of a Change of Control may result in a default under the Credit Facility and give the lenders thereunder the right to require the Company to repay all outstanding obligations thereunder. The Company's ability to repurchase Notes following a Change of Control may also be limited by the Company's then existing financial resources.

The Company will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Company and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer.

A "Change of Control" will be deemed to have occurred upon the occurrence of any of the following:

(a) the sale, lease, transfer, conveyance or other disposition (other than by merger or consolidation), in one or a series of related transactions, of all or substantially all of the assets of the Company and its Subsidiaries, taken as a whole,

(b) the adoption of a plan relating to the liquidation or dissolution of the Company,

(c) the consummation of any transaction (including, without limitation, any merger or consolidation, but excluding the effect of any voting arrangement pursuant to any agreement among the Company and any stockholders of the Company as in effect on the Issue Date) the result of which is that any "person" (as such term is used in Section 13(d)(3) of the Exchange Act) becomes the "beneficial owner" (as such term is defined in Rule 13d-3 and Rule 13d-5 under the Exchange Act), directly or indirectly through one or more intermediaries, of more than 50% of the voting power of the outstanding Voting Stock of the Company or

(d) the first day on which more than a majority of the members of the Board of Directors are not Continuing Directors;

provided, however, that a transaction in which the Company becomes a Subsidiary of another Person (other than a Person that is an individual) shall not constitute a Change of Control if

(1) the stockholders of the Company immediately prior to such transaction "beneficially own" (as such term is defined in Rule 13d-3 and Rule 13d-5 under the Exchange Act), directly or indirectly through one or more intermediaries, at least a majority of the voting power of the outstanding Voting Stock of the Company immediately following the consummation of such transaction and

Table of Contents

(2) immediately following the consummation of such transaction, no “person” (as such term is defined above), other than such other Person (but including the holders of the Equity Interests of such other Person), “beneficially owns” (as such term is defined above), directly or indirectly through one or more intermediaries, more than 50% of the voting power of the outstanding Voting Stock of the Company.

For purposes of this definition, a time charter of, bareboat charter or other contract for, marine vessels to customers in the ordinary course of business shall not be deemed to be a “lease” under clause (a) above.

“Continuing Directors” means, as of any date of determination, any member of the Board of Directors who

(a) was a member of the Board of Directors on the Issue Date or

(b) was nominated for election to the Board of Directors with the approval of, or whose election to the Board of Directors was ratified by, at least two-thirds of the directors who were members of the Board of Directors on the Issue Date or who were so elected to the Board of Directors thereafter.

The definition of Change of Control includes an event by which the Company sells, leases, transfers, conveys or otherwise disposes of all or substantially all of the assets of the Company and its Subsidiaries, taken as a whole. Although there is a limited body of case law interpreting the phrase “substantially all”, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of Notes to require the Company to repurchase such Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of the Company and its Subsidiaries, taken as whole, may be uncertain.

Asset Sales. The Company will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale (excluding for this purpose an Event of Loss) unless

(a) the Company or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value (as determined in accordance with the definition of such term, the results of which determination shall be set forth in an Officers’ Certificate delivered to the Trustee) of the assets or Equity Interests issued or sold or otherwise disposed of and

(b) at least 75% of the consideration therefor received by the Company or such Restricted Subsidiary is in the form of cash or Cash Equivalents;

provided, however, that the amount of

(1) any liabilities (as shown on the Company’s or such Restricted Subsidiary’s most recent balance sheet) of the Company or such Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the Notes or any Subsidiary Guarantee) that are assumed by the transferee of any such assets or Equity Interests pursuant to a customary novation agreement that releases the Company or such Restricted Subsidiary from further liability,

(2) Liquid Securities, and

(3) any securities, notes or other obligations received by the Company or such Restricted Subsidiary from such transferee that are converted within 180 days by the Company or such Restricted Subsidiary into cash (to the extent of the cash received),

shall each be deemed to be Cash Equivalents for purposes of this provision.

[Table of Contents](#)

Within 365 days after the receipt of any Net Proceeds from an Asset Sale (including, without limitation, an Event of Loss), the Company or any such Restricted Subsidiary may apply such Net Proceeds to

(a) permanently repay all or any portion of the principal of any secured Indebtedness (to the extent of the fair value of the assets collateralizing such Indebtedness, as determined by the Board of Directors) or

(b) to acquire (including by way of a purchase of assets or stock, merger, consolidation or otherwise) Productive Assets, *provided* that if the Company or such Restricted Subsidiary enters into a binding agreement to acquire such Productive Assets within such 365-day period, but the consummation of the transactions under such agreement has not occurred within such 365-day period, and the agreement has not been terminated, then the 365-day period will be extended to 18 months to permit such consummation; *provided further, however*, if such consummation does not occur, or such agreement is terminated within such 18-month period, then the Company may apply, or cause such Restricted Subsidiary to apply, within 90 days after the end of the 18-month period or the effective date of such termination, whichever is earlier, such Net Proceeds as provided in clauses (a) and (b) of this paragraph.

Pending the final application of any such Net Proceeds, the Company or any such Restricted Subsidiary may temporarily reduce outstanding revolving credit borrowings, including borrowings under the Credit Facility, or otherwise invest such Net Proceeds in any manner that is not prohibited by the Indenture. Any Net Proceeds from Asset Sales that are not applied or invested as provided in the first sentence of this paragraph will be deemed to constitute "Excess Proceeds".

When the aggregate amount of Excess Proceeds exceeds \$20 million, the Company will be required to make an offer to all holders of Notes (an "Asset Sale Offer") to purchase the maximum principal amount of Notes that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof, plus accrued and unpaid interest, if any, thereon to the date of purchase, subject to the right of holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the date of purchase, in accordance with the procedures set forth in the Indenture; *provided, however*, that, if the Company is required to apply such Excess Proceeds to repurchase, or to offer to repurchase, any *Pari Passu* Indebtedness, the Company shall only be required to offer to repurchase the maximum principal amount of Notes that may be purchased out of the amount of such Excess Proceeds multiplied by a fraction, the numerator of which is the aggregate principal amount of Notes outstanding and the denominator of which is the aggregate principal amount of Notes outstanding plus the aggregate principal amount of *Pari Passu* Indebtedness outstanding.

To the extent that the aggregate principal amount of Notes tendered pursuant to an Asset Sale Offer is less than the amount that the Company is required to repurchase, the Company may use any remaining Excess Proceeds for general corporate purposes. If the aggregate principal amount of Notes surrendered by holders thereof exceeds the amount that the Company is required to repurchase, the Trustee will select the Notes to be purchased on a *pro rata* basis. Upon completion of such offer to purchase, the amount of Excess Proceeds shall be reset at zero.

The Company will not, and will not permit any Restricted Subsidiary to, enter into or suffer to exist any agreement (other than any agreement governing the Credit Facility) that would place any restriction of any kind (other than pursuant to law or regulation) on the ability of the Company to make an Asset Sale Offer. The agreement governing the Credit Facility may contain prohibitions of certain events, including events that would constitute a Change of Control or an Asset Sale. In addition, the exercise by the holders of Notes of their right to require the Company to repurchase the Notes upon a Change of Control or an Asset Sale could cause a default under these other agreements, even if the

[Table of Contents](#)

Change of Control or Asset Sale itself does not, due to the financial effect of such repurchases on the Company. Finally, the Company's ability to pay cash to the holders of Notes upon a repurchase may be limited by the Company's then existing financial resources.

The Company will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the purchase of the Notes as a result of an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sales provisions of the Indenture, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the Indenture by virtue of such conflict.

Certain Covenants

Restricted Payments. The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly,

(a) declare or pay any dividend or make any other payment or distribution on account of the Company's or any of its Restricted Subsidiaries' Equity Interests (including, without limitation, any such payment in connection with any merger or consolidation involving the Company) or to the direct or indirect holders of the Company's Equity Interests in their capacity as such (other than dividends or distributions payable in Equity Interests (other than Disqualified Stock) of the Company);

(b) purchase, redeem or otherwise acquire or retire for value (including without limitation, in connection with any merger or consolidation involving the Company) any Equity Interests of the Company or any of its Restricted Subsidiaries (other than any such Equity Interests owned by the Company or any Wholly Owned Restricted Subsidiary of the Company);

(c) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value, any Indebtedness that is subordinated in right of payment to the Notes or the Subsidiary Guarantees, except a payment of interest or principal at Stated Maturity; or

(d) make any Restricted Investment

(all such payments and other actions set forth in clauses (a) through (d) above being collectively referred to as "Restricted Payments"), unless, at the time of and after giving effect to such Restricted Payment:

(1) no Default or Event of Default shall have occurred and be continuing or would occur as a consequence thereof;

(2) the Company would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the applicable four-quarter period, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Consolidated Interest Coverage Ratio test set forth in the first paragraph of the covenant described under the caption "— Incurrence of Indebtedness and Issuance of Preferred Stock"; and

(3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Company and its Restricted Subsidiaries after the Issue Date (excluding Restricted Payments permitted by clauses (b), (c), (d), (f), (g) and (h), but including Restricted Payments permitted by clauses (a) and (e), of the next succeeding paragraph), is less than the sum of the following:

(A) 50% of the cumulative Consolidated Net Income of the Company for the period (taken as one accounting period) from January 1, 2004 to the end of the Company's most recently

ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit), plus

(B) subject to clause (b) of the next succeeding paragraph, 100% of the aggregate net cash proceeds, and the fair market value of any property other than cash, received by the Company since January 1, 2004 from the issue or sale of Equity Interests of the Company (other than Disqualified Stock) or of Disqualified Stock or debt securities of the Company that have been converted into, or exchanged for, such Equity Interests (other than any such Equity Interests, Disqualified Stock or convertible debt securities sold to a Restricted Subsidiary of the Company and other than Disqualified Stock or convertible debt securities that have been converted into, or exchanged for, Disqualified Stock), plus

(C) to the extent that any Restricted Investment that was made after the Issue Date is sold for cash or otherwise liquidated or repaid for cash, the lesser of (1) the cash return of capital with respect to such Restricted Investment (less the cost of disposition, if any) and (2) the initial amount of such Restricted Investment, plus

(D) in the event that any Unrestricted Subsidiary is redesignated as a Restricted Subsidiary, the lesser of (1) an amount equal to the fair market value of the Investments in such Subsidiary previously made by the Company and its Restricted Subsidiaries as of the date of such redesignation and (2) the amount of such Investments, plus

(E) \$20 million.

The preceding provisions will not prohibit:

(a) the payment of any dividend within 60 days after the date of declaration thereof if at said date of declaration such payment would have complied with the provisions of the Indenture;

(b) the redemption, repurchase, retirement, defeasance or other acquisition of any subordinated Indebtedness of the Company or any Guarantor or Equity Interests of the Company or any of its Restricted Subsidiaries in exchange for, or out of the net cash proceeds of the substantially concurrent sale (other than to a Restricted Subsidiary of the Company) of, other Equity Interests of the Company (other than any Disqualified Stock), *provided* that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, retirement, defeasance or other acquisition shall be excluded from clause (3)(B) of the preceding paragraph;

(c) the defeasance, redemption, repurchase, retirement or other acquisition of subordinated Indebtedness of the Company or any Guarantor with the net cash proceeds from an incurrence of, or in exchange for, Permitted Refinancing Indebtedness;

(d) the payment of any dividend or distribution by a Restricted Subsidiary of the Company to the Company or any of its Wholly Owned Restricted Subsidiaries;

(e) so long as no Default or Event of Default has occurred and is continuing, the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of the Company or any of its Restricted Subsidiaries held by any employee of the Company or any of its Restricted Subsidiaries, *provided* that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests shall not exceed \$500,000 in any calendar year;

(f) the acquisition of Equity Interests by the Company in connection with the exercise of stock options or stock appreciation rights by way of cashless exercise or in connection with the satisfaction of withholding tax obligations;

(g) in connection with an acquisition by the Company or by any of its Restricted Subsidiaries, the return to the Company or any of its Restricted Subsidiaries of Equity Interests of the Company

or any of its Restricted Subsidiaries constituting a portion of the purchase price consideration in settlement of indemnification claims; and

(h) the purchase by the Company of fractional shares of Equity Interests arising out of stock dividends, splits or combinations or business combinations.

The amount of all Restricted Payments (other than cash) will be the fair market value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by the Company or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. The fair market value of any non-cash Restricted Payment will be determined in the manner contemplated by the definition of the term "fair market value", and the results of such determination will be evidenced by an Officers' Certificate delivered to the Trustee. Not later than the date of making any Restricted Payment (other than a Restricted Payment permitted by clause (b), (c), (d), (f), (g) or (h) of the preceding paragraph), the Company shall deliver to the Trustee an Officers' Certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by the covenant "Restricted Payments" were computed.

Incurrence of Indebtedness and Issuance of Preferred Stock. The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, "incur" or an "incurrence") any Indebtedness (including, without limitation, any Acquired Indebtedness) and the Company will not issue any Disqualified Stock and will not permit any of its Restricted Subsidiaries to issue any Disqualified Stock; *provided, however*, that the Company and its Restricted Subsidiaries may incur Indebtedness, and the Company may issue Disqualified Stock, in each case if the Consolidated Interest Coverage Ratio for the Company's most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is incurred or such Disqualified Stock is issued would have been at least 2.0 to 1.0 at the time such additional Indebtedness is incurred or such Disqualified Stock is issued (such time being called the "Incurrence Time"), in each case as determined on a *pro forma* basis (including a *pro forma* application of the net proceeds therefrom), as if the additional Indebtedness or Disqualified Stock had been issued or incurred at the beginning of such four-quarter period.

The preceding provisions will not apply to the incurrence by the Company or any of its Restricted Subsidiaries of any of the following Indebtedness:

(a) Indebtedness under the Credit Facility in an aggregate principal amount at any one time outstanding not to exceed the greater of (1) \$75 million and (2) 20% of the Company's Consolidated Net Tangible Assets determined as of the end of the Company's most recently completed fiscal quarter for which internal financial statements are available;

(b) Existing Indebtedness;

(c) Hedging Obligations;

(d) Indebtedness represented by the Outstanding Notes or any Subsidiary Guarantees;

(e) intercompany Indebtedness between or among the Company and any of its Wholly Owned Restricted Subsidiaries, *provided* that any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than the Company or a Wholly Owned Restricted Subsidiary of the Company, or any sale or other transfer of any such Indebtedness to a Person that is neither the Company nor a Wholly Owned Restricted Subsidiary of the Company, shall be deemed to constitute an incurrence of such Indebtedness by the Company or such Restricted Subsidiary, as the case may be, as of the date such issuance, sale or other transfer is not permitted by this clause (e);

[Table of Contents](#)

(f) Indebtedness in respect of bid, performance or surety bonds issued for the account of the Company or any Restricted Subsidiary thereof in the ordinary course of business, including guarantees or obligations of the Company or any Restricted Subsidiary thereof with respect to letters of credit supporting such bid, performance or surety obligations (in each case other than for an obligation for money borrowed);

(g) the guarantee by the Company of Indebtedness of any of its Restricted Subsidiaries or by any Restricted Subsidiary of Indebtedness of the Company or another Restricted Subsidiary, in each case, that was permitted to be incurred by another provision of this covenant;

(h) Permitted Refinancing Debt incurred in exchange for, or the net proceeds of which are used to extend, refinance, renew, replace, defease or refund Indebtedness that was incurred pursuant to the first paragraph of this covenant or clause (b), (d) or (h) of the second paragraph of this covenant; and

(i) other Indebtedness in a principal amount not to exceed \$25 million at any one time outstanding.

The Company will not, and will not permit any Guarantor to, directly or indirectly, incur any Indebtedness which by its terms (or by the terms of any agreement governing such Indebtedness) is subordinated to any other Indebtedness of the Company or of such Guarantor, as the case may be, unless such Indebtedness is also by its terms (or by the terms of any agreement governing such Indebtedness) made expressly subordinate to the Notes or the Subsidiary Guarantee of such Guarantor, as the case may be, to the same extent and in the same manner as such Indebtedness is subordinated pursuant to subordination provisions that are most favorable to the holders of any other Indebtedness of the Company or of such Guarantor, as the case may be; *provided, however*, that no Indebtedness will be deemed to be contractually subordinated in right of payment to any other Indebtedness solely by virtue of being unsecured.

For purposes of determining compliance with this "Incurrence of Indebtedness and Issuance of Preferred Stock" covenant, in the event that an item of proposed Indebtedness meets the criteria of more than one of the categories of Indebtedness described in clauses (a) through (i) of the second paragraph, or is entitled to be incurred pursuant to the first paragraph, of this covenant, the Company will be permitted to classify such item of Indebtedness on the date of its incurrence, or later reclassify all or a portion of such item of Indebtedness, in any manner that complies with this covenant, and such item of Indebtedness will be treated as having been incurred pursuant to such category. There are no restrictions in the Indenture on the ability of an Unrestricted Subsidiary to incur Indebtedness or issue preferred stock.

Liens. The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur or assume any Lien on any asset now owned or hereafter acquired, or any income or profits therefrom, except Permitted Liens, to secure:

(a) any Indebtedness of the Company, unless prior to, or contemporaneously therewith, the Notes are equally and ratably secured, until such time as such Indebtedness is no longer secured by a Lien (other than Permitted Liens), or

(b) any Indebtedness of any Guarantor, unless prior to, or contemporaneously therewith, its Subsidiary Guarantee is equally and ratably secured, until such time as such Indebtedness is no longer secured by a Lien (other than Permitted Liens);

provided, however, that if such Indebtedness is expressly subordinated to the Notes or the Subsidiary Guarantees, the Lien securing such Indebtedness will be subordinated and junior to the Lien securing the Notes or the Subsidiary Guarantees, as the case may be, with the same relative priority as such Indebtedness has with respect to the Notes or the Subsidiary Guarantees. The incurrence of secured

Indebtedness by the Company and its Restricted Subsidiaries is subject to further limitations on the incurrence of Indebtedness as described under “—Incurrence of Indebtedness and Issuance of Preferred Stock”.

Sale-and-Leaseback Transactions. The Company will not, and will not permit any of its Restricted Subsidiaries to, enter into any sale-and-leaseback transaction; *provided, however,* that the Company or any Restricted Subsidiary, as applicable, may enter into a sale-and-leaseback transaction if:

(a) the Company or such Restricted Subsidiary could have

(1) incurred Indebtedness in an amount equal to the Attributable Indebtedness relating to such sale-and-leaseback transaction pursuant to the Consolidated Interest Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption “—Incurrence of Indebtedness and Issuance of Preferred Stock”, *provided, however,* that this clause (1) shall no longer be effective if the Terminated Covenants terminate as described under “—Covenant Termination” below, and

(2) incurred a Lien to secure such Indebtedness pursuant to the covenant described under the caption “—Liens”,

(b) the gross cash proceeds of such sale-and-leaseback transaction are at least equal to the fair market value (as determined in accordance with the definition of such term, the results of which determination shall be set forth in an Officers’ Certificate delivered to the Trustee) of the assets that are the subject of such sale-and-leaseback transaction and

(c) the transfer of assets in such sale-and-leaseback transaction is permitted by, and the Company applies the proceeds of such transaction in compliance with, the covenant described above under the caption “—Repurchase at the Option of Holders—Asset Sales”.

Issuances and Sales of Capital Stock of Restricted Subsidiaries. The Company

(a) will not, and will not permit any Restricted Subsidiary of the Company to, transfer, convey, sell or otherwise dispose of any Capital Stock of any Restricted Subsidiary of the Company to any Person (other than the Company or a Wholly Owned Restricted Subsidiary of the Company), unless

(1) such transfer, conveyance, sale, or other disposition is of all the Capital Stock of such Restricted Subsidiary and

(2) the Net Proceeds from such transfer, conveyance, sale or other disposition are applied in accordance with the covenant described above under the caption “—Repurchase at the Option of Holders—Asset Sales”, and

(b) will not permit any Restricted Subsidiary of the Company to issue any of its Equity Interests to any Person other than to the Company or a Wholly Owned Restricted Subsidiary of the Company;

except, in the case of both clauses (a) and (b) above, with respect to (i) dispositions or issuances by a Wholly Owned Restricted Subsidiary of the Company as contemplated in clauses (a) and (b) of the definition of “Wholly Owned Restricted Subsidiary” or (ii) other dispositions or issuances of Capital Stock of a Restricted Subsidiary of the Company, provided that, after giving *pro forma* effect thereto, the Investment of the Company and its Restricted Subsidiaries in all Restricted Subsidiaries that are not Wholly Owned Restricted Subsidiaries of the Company, determined on a consolidated basis in accordance with GAAP, does not exceed 25% of Consolidated Net Tangible Assets of the Company. For purposes of this covenant, the creation or perfection of a Lien on any Capital Stock of a Restricted Subsidiary of the Company to secure any Indebtedness of the Company or any of its Restricted Subsidiaries will not be deemed to be a disposition of such Capital Stock, *provided* that any sale by the secured party of such Capital Stock following foreclosure of its Lien will be subject to this covenant.

Dividend and Other Payment Restrictions Affecting Subsidiaries. The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or suffer to exist or become effective any encumbrance or restriction on the ability of any Restricted Subsidiary to do any of the following:

- (a) (i) pay dividends or make any other distributions to the Company or any of its Restricted Subsidiaries on its Capital Stock or (ii) pay any Indebtedness owed to the Company or any of its Restricted Subsidiaries,
- (b) make loans or advances to the Company or any of its Restricted Subsidiaries or
- (c) transfer any of its assets to the Company or any of its Restricted Subsidiaries,

except for such encumbrances or restrictions existing under or by reason of:

- (1) the Credit Facility or Existing Indebtedness, each as in effect on the Issue Date,
- (2) the Indenture, the Notes and the Subsidiary Guarantees,
- (3) applicable law,
- (4) any instrument governing Indebtedness or Capital Stock of a Person acquired by the Company or any of its Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Indebtedness was incurred in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person or the assets of any Person, other than the Person, or the assets of the Person, so acquired, *provided* that, in the case of Indebtedness, such Indebtedness was permitted by the terms of the Indenture to be incurred,
- (5) by reason of customary non-assignment provisions in leases entered into in the ordinary course of business and consistent with past practices,
- (6) by reason of customary provisions restricting the transfer of copyrighted or patented materials consistent with industry practice,
- (7) purchase money obligations for property acquired in the ordinary course of business that impose restrictions of the nature described in clause (c) above on the property so acquired,
- (8) customary provisions in bona fide contracts for the sale of assets,
- (9) Permitted Refinancing Indebtedness with respect to any Indebtedness referred to in clauses (1), (2) and (4) above, *provided* that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are not materially more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced or
- (10) provisions with respect to the disposition or distribution of assets in joint venture agreements, asset sale agreements, stock sale agreements and other similar agreements entered into in the ordinary course of business.

Merger, Consolidation or Sale of Assets. The Company may not consolidate or merge with or into (whether or not the Company is the surviving corporation), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its assets in one or more related transactions to another Person unless

- (a) the Company is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than the Company) or to which such sale, assignment, transfer, lease, conveyance or other disposition has been made is a corporation organized or existing under the laws of the United States, any state thereof or the District of Columbia,

[Table of Contents](#)

(b) the Person formed by or surviving any such consolidation or merger (if other than the Company) or the Person to which such sale, assignment, transfer, lease, conveyance or other disposition has been made assumes all the obligations of the Company under the Notes and the Indenture pursuant to a supplemental indenture in a form reasonably satisfactory to the Trustee,

(c) immediately after such transaction no Default or Event of Default exists and

(d) except in the case of a merger of the Company with or into a Wholly Owned Restricted Subsidiary of the Company, the Company or the Person formed by or surviving any such consolidation or merger (if other than the Company), or to which such sale, assignment, transfer, lease, conveyance or other disposition has been made

(1) will have Consolidated Net Worth immediately after the transaction equal to or greater than the Consolidated Net Worth of the Company immediately preceding the transaction and

(2) will, at the time of such transaction and after giving *pro forma* effect thereto as if such transaction had occurred at the beginning of the applicable four-quarter period, be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Consolidated Interest Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption “—Incurrence of Indebtedness and Issuance of Preferred Stock;”

provided, however, that this clause (d) shall no longer be effective if the Terminated Covenants terminate as described under “—Covenant Termination” below.

Although there is a limited body of case law interpreting the phrase “substantially all”, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve “all or substantially all” of the assets of the Company.

Transactions with Affiliates. The Company will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its assets to, or purchase any assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate (each of the foregoing, an “Affiliate Transaction”), unless:

(a) such Affiliate Transaction is on terms that are no less favorable to the Company or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by the Company or such Restricted Subsidiary with an unrelated Person or, if there is no such comparable transaction, on terms that are fair and reasonable to the Company or such Restricted Subsidiary, and

(b) the Company delivers to the Trustee

(1) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$10 million, a resolution of the Board of Directors set forth in an Officers’ Certificate certifying that such Affiliate Transaction complies with clause (a) above and that such Affiliate Transaction has been approved by a majority of the disinterested members of the Board of Directors and

(2) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$20 million, an opinion as to the fairness to the Company or the relevant Subsidiary of such Affiliate Transaction from a financial point of view issued by an accounting, appraisal or investment banking firm that is, in the judgment of the Board of Directors, qualified to render such opinion and is independent with respect to the Company, *provided* that such opinion will not be required with respect to any Affiliate Transaction or series of related Affiliate Transactions involving either (i) shipyard contracts that are awarded following a competitive bidding process and approved by a majority of the disinterested members of the

Table of Contents

Board of Directors or (ii) an Affiliate in which an unrelated third person owns Voting Stock in excess of that owned by the Company or any of its Restricted Subsidiaries;

provided, however, that the following shall be deemed not to be Affiliate Transactions:

(A) any employment agreement or other employee compensation plan or arrangement entered into by the Company or any of its Restricted Subsidiaries in the ordinary course of business of the Company or such Restricted Subsidiary;

(B) transactions between or among the Company and its Restricted Subsidiaries;

(C) Permitted Investments and Restricted Payments that are permitted by the provisions of the Indenture;

(D) loans or advances to officers, directors and employees of the Company or any Restricted Subsidiary made in the ordinary course of business and consistent with past practices of the Company and its Restricted Subsidiaries in an aggregate amount not to exceed \$500,000 outstanding at any one time;

(E) indemnities of officers, directors and employees of the Company or any of its Restricted Subsidiaries permitted by bylaw or statutory provisions;

(F) maintenance in the ordinary course of business of customary benefit programs or arrangements for officers, directors and employees of the Company or any Restricted Subsidiary, including without limitation vacation plans, health and life insurance plans, deferred compensation plans, retirement or savings plans and similar plans;

(G) registration rights or similar agreements with officers, directors or significant shareholders of the Company or any Restricted Subsidiary;

(H) issuance of Equity Interests (other than Disqualified Stock) by the Company; and

(I) the payment of reasonable and customary regular fees to directors of the Company or any of its Restricted Subsidiaries who are not employees of the Company or any Affiliate.

Additional Subsidiary Guarantees. If the Company or any of its Restricted Subsidiaries, after the Issue Date, acquires or creates another Significant Subsidiary or if any other Restricted Subsidiary becomes such, then such Significant Subsidiary shall become a Guarantor by executing a supplement to the Indenture and delivering it to the Trustee in accordance with the terms of the Indenture; *provided, however*, this requirement shall not apply to a Significant Subsidiary that is a Foreign Subsidiary. If, after the Issue Date, any Restricted Subsidiary of the Company (including a Foreign Subsidiary) that is not already a Guarantor guarantees any other Indebtedness of the Company or any Indebtedness of a Domestic Subsidiary, then that Subsidiary shall become a Guarantor by executing a supplemental indenture and delivering it to the Trustee within ten Business Days of the date on which it guaranteed such Indebtedness. Notwithstanding the preceding, any Subsidiary Guarantee of a Restricted Subsidiary (other than a Significant Subsidiary) shall be unconditionally released upon the release or discharge of its guarantee of all other Indebtedness of the Company or any Domestic Subsidiary, except a release or discharge by, or as a result of payment under, such guarantee.

Conduct of Business. The Company will not, and will not permit any of its Restricted Subsidiaries to, engage in the conduct of any business other than the marine transportation and logistics business and such other businesses as are complementary or related thereto as determined in good faith by the Board of Directors of the Company.

Reports. Whether or not the Company is required to do so by the rules and regulations of the Commission, the Company will file with the Commission within the time periods specified in the Commission's rules and regulations (unless the Commission will not accept such a filing) and, within

[Table of Contents](#)

15 days of filing, or attempting to file, the same with the Commission, furnish to the holders of the Notes and the Trustee

(a) all quarterly and annual financial and other information with respect to the Company and its Subsidiaries that would be required to be contained in a filing with the Commission on Forms 10-Q and 10-K if the Company were required to file such forms, including a "Management's Discussion and Analysis of Financial Condition and Results of Operations" and, with respect to the annual information only, a report thereon by the Company's certified independent accountants, and

(b) all current reports that would be required to be filed with the Commission on Form 8-K if the Company were required to file such reports.

If the Company has designated any of its Subsidiaries as Unrestricted Subsidiaries, then the quarterly and annual financial information required by the preceding paragraph will include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes thereto, and in Management's Discussion and Analysis of Financial Condition and Results of Operations, of the financial condition and results of operations of the Company and its Restricted Subsidiaries separate from the financial condition and results of operations of the Unrestricted Subsidiaries of the Company.

In addition, the Company and the Guarantors will furnish to the holders of the Notes, prospective purchasers of the Notes and securities analysts, upon their request, the information, if any, required to be delivered pursuant to Rule 144A(d) (4) under the Securities Act.

Future Designation of Restricted and Unrestricted Subsidiaries. The preceding covenants (including calculation of financial ratios and the determination of limitations on the incurrence of Indebtedness) may be affected by the designation by the Company of any existing or future Subsidiary of the Company as an Unrestricted Subsidiary, or by the redesignation by the Company of an Unrestricted Subsidiary as a Restricted Subsidiary.

The Board of Directors may designate any Restricted Subsidiary to be an Unrestricted Subsidiary if such designation would not cause a Default. For purposes of making such determination, all outstanding Investments by the Company and its Restricted Subsidiaries (except to the extent repaid in cash) in the Subsidiary so designated will be deemed to be Restricted Payments at the time of such designation (except to the extent they qualify as Permitted Investments). All such outstanding Investments will be deemed to constitute Investments in an amount equal to the greater of (a) the net book value of such Investments at the time of such designation and (b) the fair market value of such Investments at the time of such designation. Such designation will only be permitted if such Restricted Payments would be permitted at such time and if such Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary.

The Board of Directors of the Company may also redesignate any Unrestricted Subsidiary to be a Restricted Subsidiary if such redesignation complies with the requirements of the Indenture described in the definition of "Unrestricted Subsidiary". If the aggregate amount of all Restricted Payments calculated for purposes of the first paragraph of the covenant described under "—Restricted Payments" above includes an Investment in an Unrestricted Subsidiary that subsequently becomes a Restricted Subsidiary pursuant to the terms of this paragraph, then the aggregate amount of such Restricted Payments will be reduced by the lesser of (a) an amount equal to the fair market value of the Investments previously made by the Company and its Restricted Subsidiaries in such Unrestricted Subsidiary at the time it becomes a Restricted Subsidiary and (b) the amount of such Investments.

Any designation or redesignation pursuant to this covenant by the Board of Directors will be evidenced by the filing with the Trustee of a Board Resolution giving effect to such action and evidencing the valuation of any Investment relating thereto (as determined in good faith by the Board of Directors) and an Officers' Certificate certifying that such action and valuation complied with the preceding requirements.

Covenant Termination

Once the Notes have achieved an Investment Grade Rating and no Default has occurred and is continuing under the Indenture, the Company and its Restricted Subsidiaries will no longer be subject to the provisions of the Indenture described above under the caption “Repurchase at the Option of Holders” and under the following headings under the caption “—Certain Covenants”:

- “—Restricted Payments”,
- “—Incurrence of Indebtedness and Issuance of Preferred Stock”,
- “—Issuances and Sales of Capital Stock of Restricted Subsidiaries”,
- “—Dividend and Other Payment Restrictions Affecting Subsidiaries”,
- “—Transactions with Affiliates”,
- “—Conduct of Business” and
- “—Future Designation of Restricted and Unrestricted Subsidiaries”.

(collectively, the “Terminated Covenants”) and any provisions of the Notes inconsistent with the elimination of the Terminated Covenants; *provided, however*, the Company and its Restricted Subsidiaries will remain subject to the provisions of the Indenture described above under the following headings under the caption “—Certain Covenants”:

- “—Liens”,
- “—Sale-and-Leaseback Transactions” (except to the extent set forth in that covenant),
- “—Merger, Consolidation or Sale of Assets” (except to the extent set forth in that covenant),
- “—Additional Subsidiary Guarantees” and
- “—Reports”.

After termination of the Terminated Covenants, for purposes of complying with the “Liens” covenant, the Liens described in clauses (a) and (m) of the definition of “Permitted Liens” will be Permitted Liens only to the extent those Liens secure Indebtedness not exceeding, at the time of determination, 10% of the Consolidated Net Tangible Assets of the Company. Once effective, this 10% limitation on Permitted Liens will continue to apply during any later period in which the Notes do not have an Investment Grade Rating.

Events of Default and Remedies

Each of the following constitutes an Event of Default:

- (a) default for 30 days in the payment when due of interest on the Notes;
- (b) default in payment when due of the principal of or premium, if any, on the Notes;
- (c) failure by the Company to comply with the provisions described under the caption “—Repurchase at the Option of Holders” or “—Certain Covenants—Merger, Consolidation or Sale of Assets”;
- (d) failure by the Company for 60 days after notice to comply with any of its other agreements in the Indenture or the Notes;
- (e) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by the Company or any of its Restricted Subsidiaries (or the payment of which is guaranteed by the

Table of Contents

Company or any of its Restricted Subsidiaries), whether such Indebtedness or guarantee now exists or is created after the Issue Date, which default

(1) is caused by a failure to pay principal of or premium or interest on such Indebtedness prior to the expiration of any grace period provided in such Indebtedness (a "Payment Default") or

(2) results in the acceleration of such Indebtedness prior to its express maturity and

(3) in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$10 million or more and

provided, further, that if any such default is cured or waived or any such acceleration rescinded, or such Indebtedness is repaid, within a period of 10 days from the continuation of such default beyond the applicable grace period or the occurrence of such acceleration, as the case may be, such Event of Default and any consequential acceleration of the Notes shall be automatically rescinded, so long as such rescission does not conflict with any judgment or decree;

(f) failure by the Company or any of its Restricted Subsidiaries to pay final judgments aggregating in excess of \$10 million, which judgments are not paid, discharged or stayed for a period of 60 days;

(g) failure by any Guarantor to perform any covenant set forth in its Subsidiary Guarantee, or the repudiation by any Guarantor of its obligations under its Subsidiary Guarantee or the unenforceability of any Subsidiary Guarantee against a Guarantor for any reason other than as provided in the Indenture; and

(h) certain events of bankruptcy or insolvency with respect to the Company or any Significant Subsidiary.

If any Event of Default occurs and is continuing, the Trustee or the holders of at least 25% in principal amount of the then outstanding Notes may declare all the Notes to be due and payable immediately. Notwithstanding the preceding, in the case of an Event of Default arising from certain events of bankruptcy or insolvency with respect to the Company, all outstanding Notes will become due and payable without further action or notice. The holders of a majority in principal amount of the then outstanding Notes by written notice to the Trustee may on behalf of all of the holders rescind an acceleration and its consequences if the rescission would not conflict with any judgment or decree and if all existing Events of Default (except nonpayment of principal, premium or interest that has become due solely because of the acceleration) have been cured or waived. Holders of the Notes may not enforce the Indenture or the Notes except as provided in the Indenture. Subject to certain limitations, holders of a majority in principal amount of the then outstanding Notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from holders of the Notes notice of any continuing Default or Event of Default (except a Default or Event of Default relating to the payment of principal, premium or interest) if it determines that withholding notice is in their interest.

In the case of any Event of Default occurring by reason of any willful action (or inaction) taken (or not taken) by or on behalf of the Company with the intention of avoiding payment of the premium that the Company would have had to pay if the Company then had elected to redeem the Notes pursuant to the optional redemption provisions of the Indenture, an equivalent premium shall also become and be immediately due and payable to the extent permitted by law upon the acceleration of the Notes.

The holders of a majority in principal amount of the Notes then outstanding by notice to the Trustee may on behalf of the holders of all of the Notes waive any existing Default or Event of Default and its consequences under the Indenture except a continuing Default or Event of Default in the payment of the principal of premium or interest on the Notes.

[Table of Contents](#)

Except to enforce the right to receive payment of principal, premium, if any, or interest when due, no holder of the Notes may pursue any remedy with respect to the Indenture or the Notes unless:

- (1) such holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) holders of at least 25% in principal amount of the outstanding Notes have requested the Trustee to pursue such remedy;
- (3) such holders have offered the Trustee security or indemnity satisfactory to it against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of indemnity; and
- (5) holders of a majority in principal amount of the outstanding Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

The Company will be required to deliver to the Trustee annually a statement regarding compliance with the Indenture, and the Company will be required, upon becoming aware of any Default or Event of Default, to deliver to the Trustee a statement specifying such Default or Event of Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator, member, partner or stockholder of the Company or any Guarantor, as such, shall have any liability for any obligations of the Company or any Guarantor under the Notes, the Subsidiary Guarantees or the Indenture or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. Such waiver may not be effective to waive liabilities under the federal securities laws, and it is the view of the Commission that such a waiver is against public policy.

Legal Defeasance and Covenant Defeasance

The Company may, at its option and at any time, elect to have all of the obligations of itself and the Guarantors discharged with respect to the outstanding Notes and the Subsidiary Guarantees ("Legal Defeasance") except for

- (a) the rights of holders of outstanding Notes to receive payments in respect of the principal of and premium and interest on such Notes when such payments are due from the trust referred to below,
- (b) the Company's obligations with respect to the Notes concerning issuing temporary Notes, registration of transfer or exchange of Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust,
- (c) the rights, powers, trusts, duties and immunities of the Trustee, and the Company's and any Guarantor's obligations in connection therewith and
- (d) the Legal Defeasance provisions of the Indenture.

In addition, the Company may, at its option and at any time, elect to have the obligations of the Company and the Guarantors released with respect to certain covenants that are described in the Indenture ("Covenant Defeasance") and thereafter any omission to comply with such obligations will not constitute a Default or Event of Default with respect to the Notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy and insolvency events) described under "Events of Default and Remedies" will no longer constitute an Event of Default with respect to the Notes.

[Table of Contents](#)

In order to exercise either Legal Defeasance or Covenant Defeasance,

(1) the Company must irrevocably deposit with the Trustee, in trust, for the benefit of the holders of the Notes, cash in U.S. dollars, non-callable U.S. Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of and premium and interest on the outstanding Notes on the Stated Maturity or on the applicable redemption date, as the case may be, and the Company must specify whether the Notes are being defeased to Stated Maturity or to a particular redemption date,

(2) in the case of Legal Defeasance, the Company shall have delivered to the Trustee an Opinion of Counsel in the United States reasonably acceptable to the Trustee confirming that (A) the Company has received from, or there has been published by, the Internal Revenue Service a ruling or (B) since the Issue Date, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel shall confirm that, the holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred,

(3) in the case of Covenant Defeasance, the Company shall have delivered to the Trustee an Opinion of Counsel in the United States reasonably acceptable to the Trustee confirming that the holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred,

(4) no Default or Event of Default shall have occurred and be continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit or the grant of Liens securing such borrowings) or insofar as Events of Default from bankruptcy or insolvency events are concerned, at any time in the period ending on the 91st day after the date of deposit,

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than the Indenture) to which the Company or any of its Restricted Subsidiaries is a party or by which the Company or any of its Restricted Subsidiaries is bound,

(6) the Company must have delivered to the Trustee an Opinion of Counsel to the effect that, after the 91st day following the date of deposit, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally,

(7) the Company must deliver to the Trustee an Officers' Certificate stating that the deposit was not made by the Company with the intent of preferring the holders of Notes over the other creditors of the Company with the intent of defeating, hindering, delaying or defrauding creditors of the Company or others and

(8) the Company must deliver to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that all conditions precedent provided for relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

If the Company exercises either Legal Defeasance or Covenant Defeasance, any Liens securing the Notes that were created pursuant to the requirements of the "Liens" covenant will be released.

Amendment and Waiver

Except as provided below, the Indenture or the Notes may be amended with the consent of the holders of at least a majority in principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes), and any existing non-payment default or compliance with any provision of the Indenture or the Notes may be waived with the consent of the holders of a majority in principal amount of the then outstanding Notes (including consents obtained in connection with a tender offer or exchange offer for Notes).

Without the consent of each holder affected, an amendment or waiver may not (with respect to any Notes held by a non-consenting Holder):

- (a) reduce the principal amount of Notes whose holders must consent to an amendment or waiver,
- (b) reduce the principal of or change the fixed maturity of any Note or alter the provisions with respect to the redemption or repurchase of the Notes (other than provisions relating to the covenants described above under the caption “—Repurchase at the Option of Holders”),
- (c) reduce the rate of or change the time for payment of interest on any Note,
- (d) waive a Default or Event of Default in the payment of principal of or premium or interest on the Notes (except a rescission of acceleration of the Notes by the holders of at least a majority in principal amount of the Notes and a waiver of the payment default that resulted from such acceleration),
- (e) make any Note payable in money other than that stated in the Notes,
- (f) make any change in the provisions of the Indenture relating to waivers of past defaults or the rights of holders of Notes to receive payments of principal of or premium or interest on the Notes (except as permitted in clause (g) hereof),
- (g) waive a redemption or repurchase payment with respect to any Note (other than a payment required by one of the covenants described above under the caption “—Repurchase at the Option of Holders”),
- (h) alter the ranking of the Notes relative to other Indebtedness of the Company or any Subsidiary Guarantee relative to other Indebtedness of the Guarantors, in either case in a manner adverse to the holders, or
- (i) make any change in the foregoing amendment and waiver provisions.

Notwithstanding the preceding, without the consent of any holder of Notes, the Company, the Guarantors and the Trustee may amend the Indenture or the Notes to cure any ambiguity, defect or inconsistency, to provide for uncertificated Notes in addition to or in place of certificated Notes, to provide for the assumption of the Company's obligations to holders of Notes in the case of a merger or consolidation or sale of all or substantially all of the Company's assets, to make any change that would provide any additional rights or benefits to the holders of Notes or that does not adversely affect the legal rights under the Indenture of any such holder (provided that any change to conform the Indenture to this prospectus will not be deemed to adversely affect such legal rights), to secure the Notes pursuant to the requirements of the “Liens” covenant, to add any additional Guarantor or to release any Guarantor from its Subsidiary Guarantee, in each case as provided in the Indenture, or to comply with requirements of the Commission in order to effect or maintain the qualification of the Indenture under the Trust Indenture Act.

Neither the Company nor any of its Subsidiaries will, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fee or otherwise, to any holder of any Notes for or as an

[Table of Contents](#)

inducement to any consent, waiver or amendment of any terms or provisions of the Indenture or the Notes, unless such consideration is offered to be paid or agreed to be paid to all holders of the Notes which so consent, waive or agree to amend in the time frame set forth in solicitation documents relating to such consent, waiver or agreement.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to all Notes issued thereunder, when:

(a) either:

(1) all Notes that have been authenticated (except lost, stolen or destroyed Notes that have been replaced or paid and Notes for whose payment money has theretofore been deposited in trust and thereafter repaid to the Company) have been delivered to the Trustee for cancellation or

(2) all Notes that have not been delivered to the Trustee for cancellation have become due and payable by reason of the giving of a notice of redemption or otherwise or will become due and payable within one year and the Company or any Guarantor has irrevocably deposited or caused to be irrevocably deposited with the Trustee as trust funds in trust solely for the benefit of the Holders, cash in U.S. dollars, non-callable U.S. Government Securities or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the Notes not delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption;

(b) no Default or Event of Default has occurred and is continuing on the date of such deposit or will occur as a result of such deposit and such deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which the Company or any Guarantor is a party or by which the Company or any Guarantor is bound;

(c) the Company or any Guarantor has paid or caused to be paid all other sums payable by it under the Indenture; and

(d) the Company has delivered an Officers' Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

Wells Fargo Bank, National Association, serves as trustee, registrar and paying agent under the Indenture. Such bank currently serves in the same capacities with respect to the Outstanding Notes, and it is a lender under the Credit Facility.

The Indenture contains certain limitations on the rights of the Trustee, should it be a creditor of the Company or any Guarantor, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee is permitted to engage in other transactions; however, if after an Event of Default has occurred and is continuing, the Trustee acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the Commission for permission to continue or resign.

The holders of a majority in principal amount of the then outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. In case an Event of Default occurs (which is not cured), the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the

[Table of Contents](#)

conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any holder of Notes, unless such holder shall have offered to the Trustee security or indemnity satisfactory to it against any loss, liability or expense.

Governing Law

The Indenture will provide that it, the Notes and the Subsidiary Guarantees will be governed by the laws of the State of New York.

Book-entry, Delivery and Form

The Notes will be issued in the form of one or more global notes (the "Global Notes"). The Global Notes will be:

- deposited with the Trustee as custodian for The Depository Trust Company ("DTC"), in New York, New York, and
- registered in the name of DTC or its nominee,

in each case for credit to an account of a Direct Participant (or Indirect Participant) as described below.

Transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its Direct or Indirect Participants, including, if applicable, those of the Euroclear System ("Euroclear") and Clearstream Banking, S.A. ("Clearstream"), which may change from time to time.

The Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee in limited circumstances. Beneficial interests in the Global Notes may be exchanged for Certificated Notes only in limited circumstances. See "— Depository Procedures with Respect to Global Notes—Transfers of Interests in Global Note for Certificated Notes".

Depository Procedures with Respect to Global Notes

DTC has advised the Company that DTC is a limited purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participating organizations (collectively, the "Direct Participants") and to facilitate the clearance and settlement of securities transactions between Direct Participants through electronic book-entry changes to accounts of the Direct Participants, thereby eliminating the need for physical movement of certificates. Direct Participants include securities brokers and dealers, banks, trust companies and clearing corporations and may include certain other organizations. Certain of such Direct Participants (or their representatives), together with other entities, own DTC. Indirect access to the DTC system is available to others such as banks, brokers, dealers and trust companies that clear through, or maintain a custodial relationship with, a Direct Participant, either directly or indirectly (collectively, the "Indirect Participants"). Persons who are not Direct Participants may beneficially own securities held by or on behalf of DTC only through the Direct Participants or the Indirect Participants.

DTC has also advised the Company that pursuant to procedures established by it,

(a) upon deposit of the Global Notes, DTC will credit, the aggregate principal amount of Notes represented by such Global Notes, to the accounts of Direct Participants and

[Table of Contents](#)

(b) ownership of such interests in the Global Notes will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by DTC (with respect to the Direct Participants) or by the Direct Participants and the Indirect Participants (with respects to other owners of beneficial interests in the Global Notes).

Investors in the Global Notes may hold their interests therein directly through DTC, if they are Direct Participants in such system, or indirectly through organizations that are Direct Participants in such system, including Euroclear or Clearstream. Euroclear Bank N.V./S.A. will act initially as depository for Euroclear, and Citibank, N.A. will act initially as depository for Clearstream (each a "Nominee" of Euroclear and Clearstream, respectively). Therefore, they will each be recorded on DTC's records as the holders of all ownership interests held by them on behalf of Euroclear and Clearstream, respectively. Euroclear and Clearstream must maintain on their own records the ownership interests, and transfers of ownership interests by and between, their own customers' securities accounts. DTC will not maintain such records. All ownership interests in the Global Notes, including those of customers' securities accounts held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC.

The laws of some states require that certain persons take physical delivery in a definitive, certificated form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such persons may be limited to that extent. Because DTC can act only on behalf of its Direct Participants, which in turn act on behalf of Indirect Participants and others, the ability of a person having a beneficial interest in a Global Note to pledge such interests to persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interest.

Except as described in "—Transfers of Interests in the Global Notes for Certificated Notes" below, owners of interests in the Global Notes will not have Notes registered in their names, will not receive Certificated Notes and will not be considered the registered owners or holders thereof under the Indenture for any purpose.

DTC has also advised the Company that its current practice, upon receipt of any payment in respect of interests in securities such as the Global Notes (including principal and interest) held by it or its nominee, is to credit the accounts of the relevant Direct Participants with the payment on the payment date, in amounts proportionate to their respective holdings in principal amount of beneficial interests in the relevant security such as the Global Notes as shown on the records of DTC, unless DTC has reason to believe it will not receive payment on such payment date. Payments by the Direct Participants and the Indirect Participants to the beneficial owners of the Notes will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts for customers registered in "street name". Such payments will be the responsibility of the Direct Participants or the Indirect Participants and will not be the responsibility of DTC, the Trustee or the Company. Neither the Company nor the Trustee will be liable for any delay by DTC or any of its Direct Participants or Indirect Participants in identifying the beneficial owners of the Global Notes, and the Company and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee as the registered owner of the Global Notes for all purposes.

The Global Notes will trade in DTC's Same-day Funds Settlement System and, therefore, transfers between Direct Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in immediately available funds. Transfers between Indirect Participants (other than Indirect Participants who hold an interest in the Notes through Euroclear or Clearstream) who hold an interest through a Direct Participant will be effected in accordance with the procedures of such Direct Participant but generally will settle in immediately available funds. Transfers between and among Indirect Participants who hold interests in the Notes through Euroclear and Clearstream will be effected in the ordinary way in accordance with their respective rules and operating procedures.

[Table of Contents](#)

Cross-market transfers with respect to the Global Notes between the Direct Participants in DTC, on the one hand, and Indirect Participants who hold interests in the Notes through Euroclear or Clearstream, on the other hand, will be effected by Euroclear's or Clearstream's Nominee through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be; however, delivery of instructions relating to cross-market transactions must be made directly to Euroclear or Clearstream and within the established deadlines (Brussels time) of such systems. Indirect Participants who hold interests in the Notes through Euroclear and Clearstream may not deliver instructions directly to Euroclear's and Clearstream's Nominees. Euroclear and Clearstream will, if the transaction meets their settlement requirements, deliver instructions to their respective Nominees to deliver or receive interests on Euroclear's or Clearstream's behalf in the Global Notes in DTC, and make or receive payment in accordance with normal procedures for same-day fund settlement applicable to DTC.

Because of time zone differences, the securities account of an Indirect Participant who holds an interest in the Notes through Euroclear or Clearstream purchasing an interest in a Global Note from a Direct Participant in DTC will be credited and any such crediting will be reported to Euroclear or Clearstream during the European business day for Euroclear or Clearstream immediately following the settlement date of DTC in New York. Although recorded in DTC's accounting records as of DTC's settlement date in New York, Euroclear and Clearstream customers will not have access to the cash amount credited to their accounts as a result of a sale of an interest in a Global Note to a DTC Participant until the European business day for Euroclear and Clearstream immediately following DTC's settlement date.

DTC has advised the Company that it will take any action permitted to be taken by a Noteholder only at the direction of one or more Direct Participants to whose account with DTC interests in a Global Note are credited and only in respect of such portion of the aggregate principal amount of the Notes as to which such Direct Participant or Participants has or have given such direction. However, if there is an Event of Default under the Indenture, DTC reserves the right to exchange the Global Notes (without the direction of one or more of its Direct Participants) for legended Certificated Notes, and to distribute such Certificated Notes to its Direct Participants. See "—Transfer of Interests in the Global Notes for Certificated Notes".

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes among Participants in DTC, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Company, the Trustee or any of their respective agents will have any responsibility for the performance by DTC, its Direct Participants or Indirect Participants of their respective obligations under the rules and procedures governing their operations, including maintaining, supervising or reviewing the records relating to, or payments made on account of, beneficial ownership interests in the Global Notes.

Transfers of Interests in the Global Notes for Certificated Notes. The Global Notes may be exchanged for definitive notes in registered, certificated form without interest coupons ("Certificated Notes") if (a) DTC (1) notifies the Company that it is unwilling or unable to continue as depositary for the Global Notes or (2) has ceased to be a clearing agency registered under the Exchange Act and, in either case, the Company thereupon fails to appoint a successor depositary within 90 days, or (b) there shall have occurred and be continuing an Event of Default and DTC notifies the Trustee of its decision to exchange the Global Notes for Certificated Notes. In any such case, upon surrender by the Direct and Indirect Participants of their interests in such Global Notes, Certificated Notes will be issued to each person that such Direct and Indirect Participants and DTC identify to the Trustee as being the beneficial owner of the related Notes.

[Table of Contents](#)

Certificated Notes delivered in exchange for any beneficial interest in a Global Note will be registered in the names, and issued in any approved denominations, requested by DTC on behalf of such Direct or Indirect Participants (in accordance with DTC's customary procedures).

Neither the Company nor the Trustee will be liable for any delay by the holder of the Global Notes or DTC in identifying the beneficial owners of Notes, and the Company and the Trustee may conclusively rely on, and will be protected in relying on, instructions from the holder of the Global Notes or DTC for all purposes.

Same-Day Settlement and Payment. Payments in respect of the Notes represented by the Global Notes (including principal, premium, if any, interest) will be made by wire transfer of immediately available funds to the account specified by the holder of such Global Notes. With respect to Certificated Notes, the Company will make all payments of principal, premium, if any, and interest in the manner indicated above under “—Methods of Receiving Payments on the Notes”. The Company expects that secondary trading in the Certificated Notes will also be settled in immediately available funds.

The information in this section concerning DTC, Euroclear and Clearstream and their book-entry systems has been obtained from sources that the Company believes to be reliable and is provided solely as a matter of convenience, but the Company takes no responsibility for its accuracy. The Company takes no responsibility for these systems and urges investors to contact DTC, Euroclear and Clearstream or their participants directly to discuss these matters.

Certain Definitions

Set forth below are certain defined terms used in the Indenture. Reference is made to the Indenture for a full disclosure of all such terms, as well as any other capitalized terms used herein for which no definition is provided.

“*Acquired Indebtedness*” means Indebtedness of a Person (a) existing at the time such Person becomes a Restricted Subsidiary or (b) assumed in connection with acquisitions of assets from such Person. Acquired Indebtedness will be deemed to be incurred on the date the acquired Person becomes a Restricted Subsidiary or the date of the related acquisition of assets from such Person.

“*Affiliate*” of any specified Person means an “affiliate” of such Person, as such term is defined for purposes of Rule 144 under the Securities Act.

“*Asset Sale*” means

(a) the sale, lease, conveyance or other disposition (a “disposition”) of any assets or rights (including, without limitation, by way of a sale and leaseback), excluding dispositions in the ordinary course of business (*provided* that the disposition of all or substantially all of the assets of the Company and its Subsidiaries taken as a whole will be governed by the provisions of the Indenture described above under the caption “—Repurchase at the Option of Holders—Change of Control” and the provisions described above under the caption “—Certain Covenants—Merger, Consolidation or Sale of Assets” and not by the provisions of the Asset Sales covenant),

(b) the issue or sale by the Company or any of its Restricted Subsidiaries of Equity Interests of any of the Company's Subsidiaries, and

(c) any Event of Loss,

whether, in the case of clause (a), (b) or (c), in a single transaction or a series of related transactions, *provided* that such transaction or series of related transactions (1) involves assets or rights having a

fair market value in excess of \$5 million or (2) results in the payment of net proceeds (including insurance proceeds from an Event of Loss) in excess of \$5 million. Notwithstanding the preceding provisions of this definition, the following transactions will be deemed not to be Asset Sales:

- (A) a disposition of obsolete or excess equipment or other assets;
- (B) a disposition of assets (including Equity Interests) by the Company to a Restricted Subsidiary or by a Restricted Subsidiary to the Company or to a Restricted Subsidiary;
- (C) a disposition of cash or Cash Equivalents;
- (D) disposition of assets (including Equity Interests) that constitutes a Permitted Investment or Restricted Payment that is permitted by the provisions of the Indenture described above under “—Certain Covenants—Restricted Payments”;
- (E) any charter or lease of any equipment or other assets entered into in the ordinary course of business and with respect to which the Company or any Restricted Subsidiary thereof is the lessor, except any such charter or lease that provides for the acquisition of such assets by the lessee during or at the end of the term thereof for an amount that is less than the fair market value thereof at the time the right to acquire such assets occurs; and
- (F) any trade or exchange by the Company or any Restricted Subsidiary of the Company of equipment or other assets for equipment or other assets owned or held by another Person, *provided* that the fair market value of the assets traded or exchanged by the Company or such Restricted Subsidiary (together with any cash or Cash Equivalents) is reasonably equivalent to the fair market value of the assets (together with any cash or Cash Equivalents) to be received by the Company or such Restricted Subsidiary.

The fair market value of any non-cash proceeds of a disposition of assets and of any assets referred to in the preceding clauses (E) and (F) of this definition shall be determined in the manner contemplated in the definition of the term “fair market value”, the results of which determination shall be set forth in an Officers’ Certificate delivered to the Trustee.

“*Attributable Indebtedness*” in respect of a sale-and-leaseback transaction means, at the time of determination, the present value (discounted at the rate of interest implicit in such transaction, determined in accordance with GAAP) of the obligation of the lessee for net rental payments during the remaining term of the lease included in such sale-and-lease-back transaction (including any period for which such lease has been extended or may, at the option of the lessor, be extended). As used in the preceding sentence, the “net rental payments” under any lease for any such period shall mean the sum of rental and other payments required to be paid with respect to such period by the lessee thereunder, excluding any amounts required to be paid by such lessee on account of maintenance and repairs, insurance, taxes, assessments, water rates or similar charges. In the case of any lease that is terminable by the lessee upon payment of penalty, such net rental payment shall also include the amount of such penalty, but no rent shall be considered as required to be paid under such lease subsequent to the first date upon which it may be so terminated.

“*Capital Lease Obligation*” means, at the time any determination thereof is to be made, the amount of the liability in respect of a capital lease that would at such time be required to be capitalized on a balance sheet in accordance with GAAP.

“*Capital Stock*” means

- (a) in the case of a corporation, corporate stock,

(b) provides for services to be performed by the Company or one of its Restricted Subsidiaries involving the use of such vessel or a charter (bareboat or otherwise) of such vessel by the Company or one of its Restricted Subsidiaries, in either case for a minimum period of at least one year; and

(c) provides for a fixed or minimum dayrate or fixed or minimum volume or freight rates (including, if applicable, lay time and demurrage) for such vessel.

“*Restricted Investment*” means an Investment other than a Permitted Investment.

“*Restricted Subsidiary*” of a Person means any Subsidiary of such Person that is not an Unrestricted Subsidiary.

“*S&P*” means Standard & Poors Ratings Services, a division of The McGraw-Hill Companies, Inc., or any successor to its rating agency business.

“*Significant Subsidiary*” means

(a) any Restricted Subsidiary of the Company that would be a “significant subsidiary” as defined in Article 1, Rule 1-02 of Regulation S-X, promulgated pursuant to the Securities Act, as such Regulation is in effect on the Issue Date, and

(b) any other Restricted Subsidiary of the Company that represents more than 5% of the Consolidated Net Tangible Assets of the Company, based upon the most recent internal financial statements of the Company.

“*Stated Maturity*” means, with respect to any installment of interest or principal on any series of Indebtedness, the date on which such payment of interest or principal was scheduled to be paid in the original documentation governing such Indebtedness, and shall not include any contingent obligations to repay, redeem or repurchase any such interest or principal prior to the date originally scheduled for the payment thereof.

“*Subsidiary*” means, with respect to any Person,

“*Treasury Rate*” means, as of any redemption date in respect to the Notes, the yield to maturity as of such redemption date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15(519) that has become publicly available at least two business days prior to the redemption date, or if such Statistical Release is no longer published, any publicly available source of similar market data) most nearly equal to the period from the redemption date to December 1, 2009; *provided, however*, that if the period from the redemption date to December 1, 2009 is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year shall be used.

“*Unrestricted Subsidiary*” means any Subsidiary of the Company that is designated by the Board of Directors as an Unrestricted Subsidiary pursuant to a Board Resolution and any Subsidiary of an Unrestricted Subsidiary. The Board of Directors may designate a Subsidiary as an Unrestricted Subsidiary only to the extent that such Subsidiary at the time of such designation

(a) has no Indebtedness other than Non-Recourse Debt,

(b) is not party to any agreement, contract, arrangement or understanding with the Company or any Restricted Subsidiary of the Company unless such agreement, contract, arrangement or understanding does not violate the terms of the Indenture described under the caption “—Certain Covenants—Transactions with Affiliates”, and

(c) is a Person with respect to which neither the Company nor any of its Restricted Subsidiaries has any direct or indirect obligation

(1) to subscribe for additional Equity Interests or

(2) to maintain or preserve such Person’s financial condition or to cause such Person to achieve any specified levels of operating results.

Any such designation by the Board of Directors shall be evidenced to the Trustee by filing with the Trustee a certified copy of the Board Resolution giving effect to such designation and an Officers’ Certificate certifying that such designation complied with the preceding conditions and was permitted by the covenant described above under the caption “—Certain Covenants—Restricted Payments”. If, at any time, any Unrestricted Subsidiary would fail to meet the preceding requirements as an Unrestricted Subsidiary, it shall thereafter cease to be an Unrestricted Subsidiary for purposes of the Indenture and any Indebtedness of such Subsidiary shall be deemed to be incurred by a Restricted Subsidiary of the Company as of such date (and, if such Indebtedness is not permitted to be incurred as of such date under the covenant described under the caption “—Incurrence of Indebtedness and Issuance of Preferred Stock”, the Company shall be in default of such covenant). The Board of Directors of the Company may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary, *provided* that such designation shall be deemed to be an incurrence of Indebtedness by a Restricted Subsidiary of the Company of any outstanding Indebtedness of such Unrestricted Subsidiary and such designation shall only be permitted if:

(A) such Indebtedness is permitted under the covenant described under the caption “—Incurrence of Indebtedness and Issuance of Preferred Stock”, calculated on a *pro forma* basis as if such designation had occurred at the beginning of the four-quarter reference period, and

(B) no Default or Event of Default would be in existence following such designation.

provided that such Person, directly or indirectly, owns the remaining Capital Stock in such Restricted Subsidiary and, by contract or otherwise, controls the management and business of such Restricted Subsidiary to substantially the same extent as if such Restricted Subsidiary were a wholly owned Restricted Subsidiary.

PLAN OF DISTRIBUTION

We may sell the notes in and outside the United States (1) through underwriters or dealers, (2) directly to purchasers, including our affiliates and stockholders, or in a rights offering, (3) through agents or (4) through a combination of any of these methods. The prospectus supplement will include the following information:

- the terms of the offering;
- the names of any underwriters, dealers or agents;
- the name or names of any managing underwriter or underwriters;
- the purchase price of the notes;
- the net proceeds from the sale of the notes;
- any delayed delivery arrangements;
- any underwriting discounts, commissions and other items constituting underwriters’ compensation;
- any initial public offering price;
- any discounts or concessions allowed or reallocated or paid to dealers; and
- any commissions paid to agents.

Sale Through Underwriters or Dealers

If we use underwriters in the sale, the underwriters will acquire the notes for their own account for resale to the public. The underwriters may resell the notes from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer notes to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless we inform you otherwise in the prospectus supplement, the obligations of the underwriters to purchase the notes will be subject to certain conditions, and the underwriters will be obligated to purchase all of the offered notes if they purchase any of them. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

Representatives of the underwriters through whom the notes are sold for public offering and sale may engage in over-allotment, stabilizing transactions, syndicate short covering transactions and penalty bids in accordance with Regulation M under the Securities Exchange Act of 1934. Over-allotment involves syndicate sales in excess of the offering size, which creates a syndicate short position. Stabilizing transactions permit bids to purchase the notes so long as the stabilizing bids do not exceed a specified maximum. Syndicate covering transactions involve purchases of the notes in the open market after the distribution has been completed in order to cover syndicate short positions. Penalty bids permit the representative of the underwriters to reclaim a selling concession from a syndicate member when the notes originally sold by such syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions. Such stabilizing transactions, syndicate covering transactions and penalty bids may cause the price of the notes to be higher than it would otherwise be in the absence of such transactions. These transactions may be effected on a national securities exchange and, if commenced, may be discontinued at any time.

Any underwriters to whom we sell the notes for public offering and sale may make a market in the notes, but they will not be obligated to do so and they may discontinue any market making at any time without notice. Accordingly, we cannot assure you of the liquidity of, or continued trading markets for, the notes.

If we use dealers in the sale of notes, we will sell the notes to them as principals. They may then resell those notes to the public at varying prices determined by the dealers at the time of resale. We will include in the prospectus supplement the names of the dealers and the terms of the transaction.

Direct Sales and Sales through Agents

We may sell the notes directly. In this case, no underwriters or agents would be involved. We may also sell the notes through agents designated from time to time. In the prospectus supplement, we will name any agent involved in the offer or sale of the notes, and we will describe any commissions payable to the agent. Unless we inform you otherwise in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

We may sell the notes directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of those notes. We will describe the terms of any such sales in the prospectus supplement.

Remarketing Arrangements

Notes may also be offered and sold, if so indicated in the applicable prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more remarketing firms, acting as principals for their

[Table of Contents](#)

own accounts or as agents for us. Any remarketing firm will be identified and the terms of its agreements, if any, with us and its compensation will be described in the applicable prospectus supplement. Remarketing firms may be deemed to be underwriters, as that term is defined in the Securities Act, in connection with the notes remarketed.

Delayed Delivery Arrangements

If we so indicate in the prospectus supplement, we may authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase notes from us at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the prospectus supplement. The prospectus supplement will describe the commission payable for solicitation of those contracts.

General Information

We may have agreements with the underwriters, dealers and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments that the underwriters, dealers or agents may be required to make.

Underwriters, dealers and agents may engage in transactions with, or perform services for, us in the ordinary course of our business.

LEGAL MATTERS

The validity of the notes offered by this prospectus will be passed upon for us by Winstead Sechrest & Minick P.C., Houston, Texas. R. Clyde Parker, Jr., a shareholder in Winstead Sechrest & Minick P.C., is a nonvoting, advisory director appointed by our board of directors, owns 60,400 shares of our common stock and has options to acquire 24,125 shares of our common stock. Legal counsel to any underwriters may pass upon legal matters for such underwriters.

Item 15. Indemnification of Directors and Officers

The Delaware General Corporation Law, under which we are incorporated, authorizes the indemnification of directors and officers under the circumstances described below. To the extent one of our present or former directors or officers is successful on the merits or otherwise in defense of any action, suit or proceeding described below, the Delaware General Corporation Law requires that such person be indemnified against expenses, including attorneys' fees, actually and reasonably incurred by such person in connection with such action, suit or proceeding. Article Eight of our Certificate of Incorporation requires indemnification of our directors and officers to the extent permitted by law. Section 6.10 of our Bylaws provides for, and sets forth the procedures for obtaining, such indemnification. These provisions may be sufficiently broad to indemnify such persons for liabilities under the Securities Act of 1933. In addition, we maintain insurance which insures our directors and officers against certain liabilities.

The Delaware General Corporation Law gives us the power to indemnify each of our officers and directors against expenses, including attorneys' fees, and judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with any action, suit or proceeding by reason of such person being or having been one of our directors, officers, employees or agents, or of any other corporation, partnership, joint venture, trust or other enterprise at our request. To be entitled to such indemnification, such person must have acted in good faith and in a manner he reasonably believed to be in or not opposed to our best interest and, if a criminal proceeding, had no reasonable cause to believe that the conduct was unlawful. The Delaware General Corporation Law also gives us the power to indemnify each of our officers and directors against expenses, including attorneys' fees, actually and reasonably incurred by such person in connection with the defense or settlement of any action or suit by or in the right of us to procure a judgment in our favor by reason of such person being or having been one of our directors, officers, employees or agents, or of any other corporation, partnership, joint venture, trust or other enterprise at our request, except that we may not indemnify such person with respect to any claim, issue or matter as to which such person was adjudged to be liable to us in the absence of a determination by the court that, despite the adjudication of liability, such person is fairly and reasonably entitled to indemnity. To be entitled to such indemnification, such person must have acted in good faith and in a manner he reasonably believed to be in or not opposed to our best interest.

We have also entered into indemnification agreements with our directors and officers. These agreements provide rights that are consistent with but more detailed than those provided under Delaware Law and our Bylaws. The indemnification agreements are not intended to deny or otherwise

[Table of Contents](#)

limit third-party derivative suits against us or our directors or officers, but if a director or officer is entitled to indemnity or contribution under the indemnification agreement, the financial burden of the third-party suit would be borne by us, and we would not benefit from derivative recoveries against the director or officer. Such recoveries would accrue to the benefit of us but would be offset by our obligations to the director or officer under the indemnification agreement.

Item 17. Undertakings

(a) The undersigned Registrants hereby undertake:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective Registration Statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement;

provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed by the Registrants pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Registration Statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

[Table of Contents](#)

(b) The undersigned Registrants hereby undertake that, for purposes of determining any liability under the Securities Act of 1933, each filing of a Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrants pursuant to the provisions set forth or described in Item 15 of this Registration Statement, or otherwise, the Registrants have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by a Registrant of expenses incurred or paid by a director, officer or controlling person of a Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, each of the Registrants will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

(d) The undersigned Registrants hereby undertake to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act ("Act") in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Act.
