## SELLING SECURITY HOLDERS

On November 13, 2006, we issued and sold a total of \$250,000,000 aggregate principal amount of the notes in private placements to Jefferies & Company, Inc. and Bear Stearns & Co. Inc. (which we refer to in this prospectus as the initial purchasers). The initial purchasers have advised us that they resold the notes, in transactions exempt from the registration requirements of the Securities Act, to “qualified institutional buyers” (as defined in Rule 144A under the Securities Act) in compliance with Rule 144A. The selling security holders, which term includes their transferees, pledgees, donees and successors, may from time to time offer and sell pursuant to this prospectus any and all of the notes and the shares of our common stock issuable upon conversion of the notes.

The sale of the notes and our shares of common stock to be issued upon conversion of the notes are being registered pursuant to a registration rights agreement between the initial purchasers and us. In that agreement, we undertook to file a registration statement with regard to the notes and our shares of common stock issuable upon conversion of the notes and, subject to certain exceptions, to keep that registration statement effective for up to two years. The registration statement of which this prospectus is a part is intended to satisfy our obligations under that agreement.

The selling security holders named below have advised us that they intend to sell pursuant to this prospectus the notes and our shares of common stock set forth below. Additional selling security holders may choose to sell notes and shares of our common stock from time to time upon notice to us. None of the selling security holders named below, has, within the past three years, held any position or office with us or any of our predecessors or affiliates, or had any other material relationship with us or any of our predecessors or affiliates, except as noted below in “Plan of Distribution.”

Before a security holder not named below may use this prospectus in connection with an offering of securities, other than securities that were purchased pursuant to the registration statement of which this prospectus is a part, this prospectus will be amended. In that amendment, we will include the name of the holder, the amount of notes and common stock beneficially owned by the holder and the amount of notes and common stock to be offered. Alternatively, we can include that information in a report filed with the Commission pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934, as amended, and incorporate it by reference into this prospectus or we can include that information in a supplement to this prospectus filed with the Commission pursuant to Rule 424(b) under the Securities Act. Any such amendment, report or prospectus supplement will also disclose whether any selling security holder named in the amendment, report or prospectus supplement has held any position or office with us or any of our predecessors or affiliates, or had any other material relationship with us or any of our predecessors or affiliates, during the three years prior to the date of the amendment, report or prospectus supplement.

The following table is based solely on the most current information provided to us by the selling security holders. References in the table and its footnotes to shares of our common stock beneficially owned or offered by the selling security holders include in each case the associated preferred stock purchase rights. References in the footnotes to the “securities being offered” by a selling security holder are references to the notes, shares of our common stock and associated preferred stock purchase rights being registered for resale, as shown in the table.

- (1) Because the selling security holder may sell pursuant to the prospectus all or a portion of the offered notes or common stock issuable upon conversion of the notes, we cannot know or estimate the number or percentage of notes and common stock that the selling security holder will hold upon the termination of any particular offering. Please refer to the "Plan of Distribution" beginning on page 71 of the prospectus. The information presented assumes that the selling security holder will fully convert the notes for cash and shares of our common stock, and that the selling security holder will sell all shares of our common stock that it receives pursuant to such conversion.
- (2) Includes shares of our common stock issuable upon conversion of the notes.
- (3) The maximum number of shares of our common stock issuable upon conversion of the notes is calculated assuming the conversion of the full amount of notes held by the selling security holders at the initial conversion price of \$48.48 per share, which corresponds to the initial conversion rate of 20.6260 shares per \$1,000 principal amount of the notes. This conversion price is subject to adjustment as described under "Description of Notes—Conversion Rights—Conversion Rate Adjustments." Accordingly, the number of shares of our common stock to be offered using this prospectus may increase or decrease over time. Fractional shares will not be issued upon conversion of the notes. Instead, we will pay cash in lieu of fractional shares, if any. Due to the effects of rounding, the numbers shown in this column do not equal exactly 20.6260 shares per \$1,000 principal amount of the notes.

Selling security holders who are registered broker-dealers are deemed to be “underwriters” within the meaning of the Securities Act. In addition, a selling security holder who is an affiliate of a registered broker-dealer may be deemed to be an “underwriter” within the meaning of the Securities Act if the selling security holder (i) did not acquire its notes or underlying common stock in the ordinary course of business or (ii) had any agreement or understanding, directly or indirectly, with any person to distribute the notes or underlying common stock. To our knowledge, no selling security holder who is a registered broker-dealer or an affiliate of a registered broker-dealer received any securities as underwriting compensation.

## PLAN OF DISTRIBUTION

The securities to be offered and sold using the prospectus, as supplemented, are being registered to permit public secondary trading of these securities by the selling security holders from time to time after the date of the prospectus, as supplemented. We will not receive any of the proceeds from the sale by the selling security holders of the securities offered by the prospectus, as supplemented. The aggregate proceeds to the selling security holders from the sale of the notes or the common stock issuable upon conversion of the notes will be the purchase price of the notes less any discounts and commissions. A selling security holder reserves the right to accept and, together with its agents, to reject, any proposed purchases of notes or common stock to be made directly or through agents.

The notes and the common stock issuable upon conversion of the notes may be sold from time to time to purchasers directly by the selling security holders and their successors, which includes their transferees, pledgees or donees or their successors, or through underwriters, broker-dealers or agents who may receive compensation in the form of discounts, concessions or commissions from the selling security holders or the purchasers of the notes and the common stock issuable upon conversion of the notes. These discounts, concessions or commissions may be in excess of those customary in the types of transactions involved.

The selling security holders and any underwriters, broker-dealers or agents who participate in the distribution of the notes and the common stock issuable upon conversion of the notes may be “underwriters” within the meaning of the Securities Act. To the extent any of the selling security holders are broker-dealers, they are, under the interpretation of the Commission, “underwriters” within the meaning of the Securities Act. Each of the following selling security holders has represented to us that it is a broker-dealer or an affiliate of a broker-dealer: Allstate Insurance Company, Bear, Stearns & Co., Inc., Canadian Imperial Holdings Inc., Family Service Life Insurance Co., Goldman Sachs & Co. Any profits on the sale of the notes and the common stock issuable upon the conversion of the notes by such selling security holders and any discounts, commissions or concessions received by any such broker-dealers or agents may be deemed to be underwriting discounts and “underwriters” within the meaning of the Securities Act will be subject to prospectus delivery requirements of the Securities Act. If the selling security holders are deemed to be underwriters, such selling security holders may be subject to certain statutory liabilities of the Securities Act and the Exchange Act.

We will pay all expenses of the registration of the notes and the common stock issuable under the conversion of the notes pursuant to the registration rights agreement, estimated to be \$80,000 in total, including, without limitation, Commission filing fees and expenses of compliance with state securities or “blue sky” laws; provided, however, that if the notes and the common stock issuable upon conversion of the notes are sold through underwriters, broker dealers or agents, the selling security holders will be responsible for underwriting discounts or commissions or agent’s commissions.

Two of the selling security holders, Jefferies & Company and Bear, Stearns & Co. Inc., were the initial purchasers of the notes. The initial purchasers and their affiliates perform various financial advisory, investment banking and commercial banking services from time to time for us and our subsidiaries.

The notes were issued and sold in November 2006 in transactions exempt from the registration requirements of the Securities Act pursuant to Rule 144A under the Securities Act. Pursuant to the registration rights agreement filed as an exhibit to the registration statement of which the prospectus, as supplemented, is a part, we have agreed to indemnify the initial purchasers, holders who have provided us with selling security holder questionnaires and each person, if any, who controls (within the meaning of either Section 15 of the Securities Act or Section 20 of the Exchange Act) the initial purchasers or the holders who have provided us with selling security holder notices and questionnaires, from and against certain liabilities under the Securities Act or such persons will be entitled to contribution in connection with these liabilities. Pursuant to such registration rights agreement, the selling security holders have agreed, severally and not jointly, to indemnify us and each of our directors, officers and control persons from certain liabilities under the Securities Act or we will be entitled to contribution in connection with these liabilities.
